

Just a Little
of
This & That
By W. E. W.

Boys' Week

We glory in the boy who makes good—we admire him, we love him, we encourage him—and often times we fall to realize that his parents, perhaps, had something to do with his success.

During the past few years the average of criminals in our penitentiaries is in the twenties, rather than in the thirties, as in former years. At the same time we find our divorce courts overflowing with cases, and if you study these cases you'll find that the majority of boys who get into trouble are sons of parents who either quarrel at home, have been divorced, or have deserted their homes. In many cases boys have been left orphans and have gotten into trouble, but the vast majority of cases show the fault to be with the parents.

Boys' Week, if it does nothing else, should call to the attention of parents their necessity of making good with their own sons. Good fellowship with a boy, rather than supplying him with money, is probably the most important feature. Fathers often indulge in severe criticism of the mother of their own children, rather than impressing his youngsters with the idea that mother is their best friend and that assisting mother in the work about the home is the most important thing that they can do.

Boys' Week, if it does nothing else, should rekindle the determination of parents to study their boys and thus not only add to their own joy in life, but help their boys in solving life's problems and be prepared for the years that are before them.

There is probably no more joy in life for those who haven't children of their own than to take an interest in boys in their neighborhood. Visiting with them, gaining their confidence and helping them in their play, in their work, in their schooling, enlarges the scope of life for those who have no children, as well as bringing to the children encouragement to the tasks of life willingly and thoroughly.

BOYS HONORED AT ROTARY LUNCHEON

Arthur Coit, traveling internationalist for the Cleveland Rotary Club, which is the host club for Rotary International this year, was the main speaker at the Rotary luncheon this noon and with a rapid fire of humorous stories he kept his hearers in one prolonged laugh.

Mr. Coit extended his invitation to every Rotarian to attend the International Convention in a most sincere manner, telling of his home city, its immense auditorium with a seating capacity that will answer the needs of the convention, and of the plans that the Cleveland club has in entering Rotarians from every part of the world.

City officials for today were guests of the club as were city officials not members of the Rotary Club.

Mayor A. H. Johnson introduced Mayor Rollin Lemon, Councilman Thomas Harris, Councilman Lawrence Bowman, Councilman Robert E. Naftel, Councilman Dean Benton, Chief of Police Earl Bryden, Fire Chief Leolen Kearney, City Clerk Melvin Popp, City Engineer Manley Rose, and Merton E. Hill was called upon by President Harold C. Moore to welcome Upland's city officials for a day to Rotary and with words of true welcome and encouragement to boys in preparing to carry on the work which the Rotarians will in due season leave to the younger generation, Mr. Hill assured them of the assistance of every member of Rotary.

ANNUAL PLAY AT POMONA COLLEGE

The date of the annual Shakespeare play has been set for May 5 and 16, according to an announcement from the office of the Dean, Reginald Pole, who will direct the performance, is considering "Anthony and Cleopatra," one of Shakespeare's greatest tragedies, provided that sufficient talent can be found to carry the difficult parts.

BOYS FIND BODY OF MURDERED MAN

TWO KILLED WHEN INTERURBAN COLLIDES WITH AUTOMOBILE

Cucamonga Avenue Scene of Crash late Sunday Afternoon. Mr. and Mrs. Joseph M. Eingeck of Los Angeles Killed; Son and Grandmother Escape

No blame was fixed for the death of Mr. and Mrs. Joseph M. Eingeck of 1545 East Seventy-eighth street, Los Angeles, who were instantly killed Sunday afternoon when their motor car was struck by a Pacific Electric train at the Cucamonga avenue crossing, when the inquest was held yesterday before Coroner J. B. Hanna at Draper's Upland mortuary.

The coroner's jury found that death was "due to the collision of an automobile in which they were riding with a Pacific Electric train at the Cucamonga avenue crossing, 'accidental'."

R. C. Schoggs, the P. E. Motorman, testified that his train was moving at a rate of about 30 miles an hour, as he was slowing for a crossing with the Santa Fe railroad a short distance beyond and that he did not see the motor car until he was about 50 feet from the crossing and the machine some 25 feet to its south. He testified that he had given two long blasts of the whistle at the approach to the crossing and was in the act of giving two short blasts when the automobile appeared. It was then too late to avoid collision, although he applied all brakes.

Funeral arrangements have not yet been completed, but the bodies will be sent to Chicago on instructions from Anthony Eingeck, a brother. Mr. Eingeck was employed by Ernest C. Amling and H. I. Amling, florists, of 737 Wall street, Los Angeles. Mr. and Mrs. P. N. Granger of Los Angeles, cousins of the accident victims, were here for the inquest.

Mrs. Sophie Theimer, aged 57 years, of Chicago, mother of Mrs. Eingeck, and Kenneth Eingeck, aged three years, only son of the couple, who were in the motor car at the time of the accident, were reported improving at the San Antonio Community Hospital today. Their condition was reported as not as serious as at first supposed.

QUIET TITLE CASE BEFORE SUPERIOR COURT SATURDAY

Upland City vs. the Pacific Electric to quiet title to San Antonio Park had its first inquest before Judge Charles Allison of the Superior Court in San Bernardino Saturday when many from Upland attended the court proceedings.

Attorney A. W. Burt, who was manager of the Ontario and San Antonio Height electric line for the Pacific Light and Power Company when the park was first laid out, was the first witness to be heard, Attorney Fred Wilson, assistant city attorney, appearing in behalf of the city.

Mr. Burt's testimony dealt with the early development of the park and the intention of the owners of the land at that time to devote the land to park purposes with the plan in mind of increasing traffic over the Euclid avenue electric line.

Supervisor Gene Grier was the second witness and related how the park had always been used by the public and it was generally considered a public park.

As the case could not be finished by Saturday noon, it was necessary to continue it until the court calendar allowed its entrance. The case will again proceed in October.

LECTURE ON DICKENS THURSDAY EVENING

Many Upland people are looking forward to the lecture on Charles Dickens, to be given next Thursday evening in the Current Events clubroom, West B Street, Ontario, by Mrs. Marion White Hagelso, who will talk on the author as he appeared to a child. She was a constant visitor at his home when a little girl, and has many personal reminiscences of him, which will be of great interest to lovers of the famous man.

Proceeding the address, vocal selections will be given by Mrs. Z. Cook of Ontario, well-known soprano, and R. W. Manley, son of Mr. and Mrs. Robert Manley, will play violin solos. The program starts at eight o'clock.

DEAD MAN RUDELY BURIED BENEATH ROCK PILE WEST OF S. A. PARK

Police of Upland and San Bernardino County were confronted with a murder mystery today when Andreas Moreno, pipe laying contractor, reported to Chief of Police J. F. Sawyer the finding of the body of a well-dressed man rudely buried beneath some rocks in the wash at the mouth of San Antonio Canyon.

The body was first discovered Sunday by Ramon Cantu and Carlos Cantu, age 14 and 16 respectively, who are camped with Moreno's pipe laying outfit near San Antonio Park. On a hike up the wash to the west of their camp Sunday, the boys came upon the feet of the dead man protruding from a pile of rocks. It was not until last night, however, that they recounted their find to Moreno, who made a personal investigation early this morning and reported to the police.

Chief Sawyer and Officer Louis E. Kronmeyer hastened to the scene of the find shortly before noon. The body of the man who was unquestionably murdered, and who may have been dead from three months to a year, in the opinion of the police, was found wedged in between two large rocks and a quantity of smaller rocks heaped over his body with only the feet protruding. A larger rock which had been dropped on the man's head is believed to have crushed his skull.

The body is dressed in a suit of dark blue soft cloth with a pin stripe of red. The feet are shod in good, little worn tan high shoes. His socks and other articles of clothing appear to be of good quality, though considerably disintegrated from exposure to the elements. The shoes are about size six.

What is believed most likely to lead to the identification of the murdered man is the fact that his mouth is said to be apparently filled with gold teeth. He is of medium stature and what hair remains on the head is black, straight and about an inch long. Officers expressed the opinion that it was not unlikely that he was a Japanese.

The spot where the body was found is about a half mile west and north of San Antonio Park at Mountain avenue and Twenty-fourth street and probably 100 yards east of the Los Angeles-San Bernardino county line. It is some distance from any road, although there is an old wagon track, probably used for hauling gravel, not far from the spot. If the body were brought to its resting spot from a distance, those responsible for disposing of it either came with a wagon or carried it for some distance, as it would have been impossible for a motor car to come within many yards of the spot.

Sheriff W. A. Shay was notified by telephone in San Bernardino this afternoon and is expected to make a full investigation. Local officers made no attempt to go through the man's clothing prior to the arrival of the sheriff.

ATWOOD COMPANY BUYS DIENER DRY GOODS STORE

A deal was closed yesterday by which the J. J. Atwood Company of Upland purchases the Diener stock of dry goods at Cucamonga. For the present the new Atwood store will occupy the building occupied by the Diener business, and as soon as the new block now being erected for the Atwood Co. is completed, the stock will be moved to the corner of the Foot-hill Boulevard opposite the Morris Pharmacy.

It's hard to tell what's in a man. In New York they found 14 pins and a few needles in one.

PRESIDENT'S CUP TOURNAMENT AT RED HILL CLUB

FIRST BRACKET PLAYS APRIL 29 TO MAY 2

Forty-seven Men Enter for Qualifying Round. Gross Scores Range 82 to 105. Net 70 to 80.

Qualifying rounds for the tournament for the President's Cup at Red Hill Country Club were completed last night, 47 golfers having entered the contest.

The 32 low net in the qualifying rounds were as follows: The dates of play for the four brackets and for the finals are as follows:

1—Dr. Frank Taylor.....	82	12	70
2—R. F. Ware.....	95	23	72
3—M. Schumacher.....	90	17	73
4—O. W. Kankel.....	89	16	74
5—L. E. Thompson.....	87	13	74
6—W. H. Craig, Jr.....	84	10	74
7—A. B. Whitney.....	92	17	75
8—S. H. Yahres.....	92	17	75
9—B. F. Hungerford.....	89	13	76
10—John D. Howe.....	82	6	73
11—C. E. S. Neill.....	84	7	77
12—Harlow S. Wilson.....	93	16	77
13—Welles T. Ross.....	97	20	77
14—A. I. Peterson.....	93	16	77
15—D. M. Kirkwood.....	88	11	77
16—N. E. Trautman.....	84	7	77
17—Harleigh Brown.....	93	16	77
18—Anson Smalley.....	96	19	77
19—O. P. Brady.....	96	12	77
20—John T. Maffett.....	91	13	78
21—F. B. Rowe.....	99	21	78
22—W. E. Westland.....	105	27	78
23—J. W. Mehl.....	100	22	78
24—C. A. Beaulieu.....	96	17	79
25—A. R. Gemmell.....	95	16	79
26—A. C. Hargraves.....	94	15	79
27—Jas. Black.....	87	8	79
28—D. E. Hill.....	100	21	79
29—Paul Adams.....	94	15	79
30—V. C. South.....	93	13	80
31—C. C. Peabody.....	86	6	80
32—P. H. Norton.....	92	12	80

First Bracket: Any time from April 29th to May 2nd inclusive.

Second Bracket: May 3 to May 6 inclusive.

Third Bracket: May 6 to May 9 inclusive.

Fourth Bracket: May 10 to May 13 inclusive.

Finals: Sunday, May 17; 36 holes.

Rules: All questions of rules will be decided by the Greens Committee who will be governed by the rules of the Golf Association of America.

The fairways will be considered as marked by the edge of the mowed grass.

A ball lying in the soft dirt of the newly constructed bunkers may be dropped back in the trap without penalty.

The lie may be improved on the fairways by moving the ball less than six inches with the club head. Under no condition should the ball be moved by the hand. If the player uses his hand to move the ball his opponent must claim the hole; if the opponent does not claim the hole the player then is obliged to claim it.

Calcutta Pool: On the evening of April 28th, during the dance at the clubhouse, tickets bearing the names of the 32 qualifiers will be auctioned to the highest bidder. The sum so received will be pooled and divided as follows: 45 per cent to the person holding the ticket bearing the winner's name; 25 per cent to the person holding the ticket bearing the name of the runner-up; 10 per cent to the person holding the ticket bearing the name of the winner of the defeated 16; 10 per cent for the purchase of a trophy for the winner of the defeated 16; 10 per cent to the club.

CALL JERSEY FOLKS FOR GREAT PICNIC

All Jerseyites are called to meet under the auspices of the New Jersey Association of Southern California for a great picnic reunion, all day, Saturday, May 9, 1925, in Sycamore Grove Park.

There will be the usual features including a brief program.

BOY OFFICIALS IN CHARGE OF CITY GOVERNMENT TODAY

FIRST PLANT TO BROADCAST IS INSTALLED HERE

L. E. WALL AND C. S. MYERS MOVE

100-Watt Plant to Be Installed Here in Sixty Days. Remote Control From Upland Band Stand and Pres. Church

First broadcasting station in the west end of San Bernardino County is to be established here, L. E. Wall and C. S. Myers having moved their station from Stoddard's Canyon and installed it in the upper story of the Ruedy Building on Second avenue.

Yesterday the tower was set in place on top of the building and in two week's time Messrs. Wall and Myers expect to have the plant in operation.

Broadcasting nights here will be Tuesday, Thursday, Saturday and Sunday nights between the hours of 7 p. m. and 12 m. Programs will be largely by people residing in this vicinity. Plans are under way for remote control from the band stand and from the Presbyterian Church. The summer band concerts, sermons of Dr. R. C. Stone and musical selections by the Presbyterian choir will be broadcast.

Each Thursday night the dance music provided for those attending the regular Thursday night dances will be broadcast.

The station is to be known as Upland KFWC and for 60 days will be under a power of 20 watts. Following that time new equipment will have arrived and the 100 watt station installed, thus classing the Upland station with Long Beach, Holy City, Seattle Hotel, Seattle, Washington, Salt Lake City, which have been heard here.

MRS. RADER DEAD MANY MOURN LOSS

The news of the death of Mrs. Gertrude Rader will come as a shock to her many friends here, where she has lived for so many years. She was taken ill some weeks ago, but recovered sufficiently to continue her work in the opportunity room, of which she has been head for two years, at the Upland Grammar School. Last week she was again taken to the San Antonio Community Hospital, and died this morning at eleven o'clock.

Funeral services will be held tomorrow afternoon at four o'clock at Draper's Ontario Chapel, Rev. Bert Foster, rector of St. Mark's Church, officiating. Mrs. Rader leaves two children, a daughter, Rowe, who is at Pomona College, and a son, Bruce, student at Chaffey. Arthur Spliers, a brother, arrived this morning from Tonopah, Nevada.

MEETING TO CONSIDER COMMUNITY CHEST

All the benevolent organizations of Upland are asked to meet at the Presbyterian Church of Upland on Thursday evening of this week, April 30th, to consider a community chest for Upland. The churches, clubs, fraternal organizations and all concerned in welfare work are asked to be represented. The time has come for raising funds for the Y.M.C.A. and Boys' and Girls' work in Upland. Many wish to have but one financial campaign and not the many as heretofore, and so request this meeting to consider the matter. Meet promptly at 7:30 in the Presbyterian Church of Upland.

Rollin Lemon Elected Mayor by School Mates; Earl Bryden, Chief of Police; Leolen Kearney, Fire Chief; Melvin Popp, City Clerk; Manley Rose, City Engineer

Rollin Lemon, son of Mr. and Mrs. R. F. Lemon, is today Mayor of the City of Upland. This is Boys' Day in officialdom of the city and at yesterday's election held at the Grammar School, Rollin, who is in the eighth grade, was named Mayor by his school mates.

At the election the other city offices were filled as follows:

The four City Councilmen elected yesterday are:

Thomas Harris, member of the eighth grade, and son of Mr. and Mrs. T. W. Harris.

Lawrence Bowman of the seventh grade, and son of Mr. and Mrs. L. O. Bowman.

Robert Naftel of the sixth grade, and son of Mr. and Mrs. W. F. Naftel.

Dean Benton of the fifth grade, and son of Mr. and Mrs. W. E. Benton.

Other boys elected to serve as city officials are:

Chief of Police, Earl Bryden of the eighth grade, and son of Mr. and Mrs. J. W. Bryden.

Fire Chief, Leolen Kearney, seventh grade, and son of Mrs. D. M. Kearney.

City Clerk, Melvin Popp of the sixth grade, and son of Mr. and Mrs. Henry Popp.

City Engineer, Manley Rose of the fifth grade, and son of Mr. and Mrs. S. T. Rose.

At noon today the city officials for today, together with Upland's regular city officials were guests of honor of the Rotary Club, a special program being given in honor of the boys. This afternoon a council meeting is to be held by the boy officers with the regular city officials assisting them.

Chief of Police Earl Bryden and his force are in charge of the city today. Between five and six o'clock Chief Bryden will have his traffic squad direct traffic at all busy corners in the business district.

The newly elected City Council to serve for today appointed as Police Judge Robert Briggs, son of Mr. and Mrs. J. R. Briggs.

Chief of Police Earl Bryden has named as traffic officers to serve for today: Nelson Gray, son of Mrs. Harriet Gray; Nevin Lady, son of Mr. and Mrs. George Lady; Norris Bigley, son of L. Bigley; David Meek, son of Mr. and Mrs. H. Meek.

City officials as well as their boy substitutes for today were guests of the Upland Rotary Club at The Sycamores this noon.

SCOUTS WILL OBSERVE LOYALTY DAY FRIDAY

Observing Loyalty Day in Boys' Week, several scout troops of the Chaffey district will meet at the Y.M.C.A. Building on Third Avenue Friday evening, when a musical program will be given, and several scout ceremonies performed.

The two Upland troops are under the leadership of Peter Guthrie, who has taken Dr. C. P. Mengle's boys, and V. B. Anderson of the Sierra Vista School faculty, who has a troop of Mexican scouts, and others who will be present on Friday are the Etiwanda troop under John Frost, and troops 1, 3, 4, 6 of Ontario scouts, under John Moffat, Ed Middough, Albert Salter and H. T. Wilson, respectively. L. R. Lucas, head of the Chaffey Boy Scout work, will be present during part of the evening.

A program of piano, violin and vocal selections will be given by Mr. and Mrs. V. B. Anderson and community singing of patriotic scout songs will also be held.

The bones of a mastodon have been found in New York, probably proving the ancients had taxicabs.

Be careful while selecting the experience you want. You can't get your money back if not satisfied.

TWO HOMES VICTIMS OF ROBBERY SUNDAY NIGHT

A lady's gold watch, a purse containing a few dollars in change, and a valuable beaded bag were stolen from the home of Mr. and Mrs. C. A. Stoebe, East Seventh Street, Sunday night while they were at church. The burglary is believed to have been committed between 8 and 9 o'clock. One purse was overlooked by the burglar, who had evidently departed in haste.

When Mr. and Mrs. Stoebe returned home from church they had difficulty trying to unlock the front door, which had been left unlocked by the burglar.

Harry V. Cavers' residence on West Eighth Street was the other place entered by burglars. Nothing was taken at the Cavers home, Chaffey Boy Scout work, of value being overlooked. Entrance was gained by cutting the screen of a rear window. Mr. and Mrs. Cavers were away from home all day, but the burglary is believed to have been attempted after night-fall.

Nathan Hale Stamps

The new small half cent stamps bear the picture of the patriot Nathan Hale. After a century and a half this young man who gave his life for his country when it was fighting to be established has been duly recognized. The Pasadena Post carries the following editorial on the subject:

"On one of the new postage stamps appears the portrait of Nathan Hale. The stamp is of the smallest denomination ever issued by the government; but it will be extensively used, and familiarize the public with the face of a gallant patriot who risked his life for his country, and lost it. He had undertaken to carry information through the British lines at New York and Long Island, and being captured, was executed as a spy.

"If Hale was a typical soldier of the Revolution the army led by Washington must have been made up of youth. Hale was born in Connecticut in 1756. Twenty years later, he was a captain, after two years of military service, this being his grade when he volunteered as a spy. The death penalty was carried out in 1776. Thus was ended a short but devoted life, and thus was established the fame of a martyr to liberty.

"General Washington was much grieved at the loss of a trusted officer and beloved friend. But he could do nothing to avert the fate of a spy. To hang if captured every spy on either side knew would be his destiny. There was something in the bearing of the young American that greatly impressed the British, and it was with regret they had to permit the carrying out of an inexorable rule of war."

The things that eat up the taxpayer's money never go on a hunger strike.—Detroit Free Press.

Competition for the Navel

(Citrograph)

While the Valencia or so-called "summer orange" has a wide variety of deciduous fruits to compete with, it looks as though the California navel orange was going to have something to contend against when all of Florida's new plantings come into production.

Most of the production from Florida's thirty-five per cent non-bearing citrus acreage will later come into the markets during the California navel orange season, points out General Manager Dezell in his annual report.

As a recent survey shows that Florida has 253,570 acres devoted to citrus and that 88,749 acres is as yet not in bearing it can be seen that California must give careful attention to the production and shipment of only high quality fruit in a carefully prepared and attractive package.

Strict adherence to those principles will keep the consumer preference just where it is and has been for many years. Any relaxation in the effort would mean disaster to the California citrus producer.

"Road Hogs" a Pest

(Santa Ana Register)

The Federal Bureau of Public Roads, investigating the psychology of "road hogs," finds that the truck driver is not so porcine as he has been pictured. Truck drivers as a class, the official observers report, drive one foot closer to the outside of the pavement than automobilists do, in order to give an approaching car enough clearance. So it really is the motor car drivers who are the road hogs.

Both classes are bad enough at times, as every driver knows. But when a truck drives the middle of the road and ignores the warning toot of a car behind that wants to pass, he usually has the excuse of seeking safety for his truck and cargo or of not hearing the horn. The automobilist who dawdles along the middle of the paved strip and refuses to get over seldom has any excuse whatever, unless it be that Nature has made him egotistic, selfish, stolid and discourteous. Of all driving pests there is none more intolerable.

"Don't worry" makes a better motto when you add "others."—Columbia Record.

"I was born an American; I live an American; I shall die an American."—Webster. At Laying of Cornerstone, Bunker Hill, June 17, 1825.

American Forest Week

There is no question of larger general interest than the preservation of our forests, and the reforesting of those denuded sections which should be bearing trees because they are fit for no other purpose. President Coolidge has recognized this situation, and has issued a proclamation on the subject, directing American Forest Week, reading as follows:

"In proclaiming American Forest Week, I desire to bring to the attention of all our people the danger that comes from the neglect of our forests.

"For several years the Nation has observed Forest Protection Week. It is fitting that this observance be enlarged. We have too freely spent the rich and magnificent gift that nature bestowed on us. In our eagerness to use that gift we have stripped our forests; we have permitted fires to lay waste and devour them; we have all too often destroyed the young growth and the seed from which new forests might spring. And though we already feel the first grip of timber shortage, we have barely begun to save and restore.

"We have passed the pioneer stage and are no longer excusable for continuing this unwise dissipation of a great resource. To the Nation it means the lack of an elemental necessity and the waste of keeping idle or only partly productive nearly one-fourth of our soil. To our forest-using industries it means unstable investments, the depletion of forest capital, the disbanding of established enterprises, and the decline of one of our most important industrial groups.

"Our forests ought to be put to work and kept at work. I do not minimize the obstacles that have to be met, nor the difficulty of changing old ideas and practices. We must all put our hands to this common task. It is not enough that the Federal, State, and local governments take the land. There must be a change in our national attitude. Our industries, our landowners, our farmers, or our citizens must learn to treat our forests as crops, to be used but also to be renewed. We must learn to tend our woodlands as carefully as we tend our farms.

"Let us apply to this creative task the boundless energy and skill we have so long spent in harvesting the free gifts of nature. The forests of the future must be started today. Our children are dependent on our course. We are bound by a solemn obligation from which no evasion and no subterfuge will relieve us. Unless we fulfill our sacred responsibility to unborn generations, unless we use with gratitude and with restraint the generous and kindly gifts of Divine Providence, we shall prove ourselves unworthy of a heritage we hold in trust.

"Now, therefore, I, Calvin Coolidge, President of the United States, do recommend to the Governors of the various States to designate and set apart the week of April 27-May 3, inclusive, 1925, as American Forest Week, and, wherever practicable and not in conflict with State law or accepted customs, to celebrate Arbor Day within that week. And I urge public officials, public and business associations, industrial leaders, forest owners, editors, educators, and all patriotic citizens to unite in the common task of forest conservation and renewal."

While the Supreme Court gives the pedestrian the right-of-way at a street-crossing, do not rely too strenuously on it. It is possible to be right and dead too.—Pittsburgh Gazette Times.

Representing "All the People"

(New York World)

Every willing giver who has contributed to the building fund of the Cathedral of St. John the Divine is glad of every step toward a full realization of the slogan, "A house of prayer for all the people." One step was taken Sunday when an interdenominational service was led by a pastor of another creed. Those who participated included not only members of many Protestant congregations but Catholics and Jews as well. Time was when such a service might have been regarded as a profanation. Times change and the many now believe such a service more in the nature of a consecration.

The Cathedral is now a little finer, even a little more Christian, because of the greater of brotherhood of races and creeds. Intolerance will be a little more difficult not only in the Cathedral but in the city and among the people.

Scientists have found a skull half an inch thick in Arizona. But why go as far away as Arizona?—Brooklyn Eagle.

It isn't a stable government just because its statesmen insist on stalling.—Manila Bulletin.

Our Country

(Fontana Herald)

When we speak of our country we mean the United States of America. The state in which we reside is a small part of that country, and the town in which we live is but a small part of the state. Our government is the offspring of the popular will. The people brought it into existence to impose salutary restraints upon the states, and to insure to the people in every state the benefits of a republican freedom. We are a nation, not by the sufferance of Delaware or Ohio, but by virtue of our historical and constitutional antecedents. Each state has its rights, but among them is not the right to break up this Union by secession. A four years' war, the fiercest in the world's history, has settled that question.

The most precious of our rights is that by which we claim the protection of the American flag, whether we stand on the Atlantic border of our beloved country, on the mountains of Colorado, or on the plains of Texas.

Why ought we to cherish this Union? Simply because it is the guarantee of our liberties. It is not true that a diminutive nationality is favorable to human freedom. Ancient Greece, broken up into independent states, perished because of the absence of a National Union like ours. No argument against our system can be drawn from the vast extent of our country. The steam engine, the railroad, and the magnetic telegraph have annihilated space and time. Our grand republican experiment, already confirmed by the supreme test of civil war, and purged of its fatal inconsistency, is based on the Christian principle of justice—the equality of all men before the law. Let us rise to the full benefit of this sacred teaching. Let us realize that it is our duty to do what we can constantly to raise up those beneath us to our own level of virtue and intelligence, and to welcome all men to the political benefits which we inherit.

That we live in the enjoyment of the fruits of our labors, that we live at all, perhaps, or live right about by the blessings of civilization, we owe, under Providence, to our country. Let us prove ourselves true sons and daughters of such a Mother! Let us lovingly uphold the symbol of her just authority, the glorious flag of the United States! Let us labor to make her, by her noble example, the peaceful propagandist of justice and freedom throughout the world! Let us serve her with all our might, and defend her, should occasion summon, with our mortal lives!

It is ever to be kept in mind that a good name is in all cases the fruit of personal exertion. It is not inherited from parents; it is not created by external advantages; it is no necessary appendage of birth or wealth or talents or station, but the result of one's own endeavors, the fruit and reward of good principles, manifested in a course of virtuous and honorable action. The attainment of a good name, whatever be the external circumstances, is wholly within the young man's power. However humble his birth or obscure his condition, he has only to fix his eye on the prize and press toward it in a course of useful and virtuous conduct, and it is his. How many of our worthiest and best citizens have risen to honor and usefulness by dint of their own persevering exertions.

In the formations of character, personal exertion is the first, the second, and the third virtue. A good name will not come without its being sought. All the virtues of which it is composed are the result of untiring application and industry. Nothing can be more fatal to the acquirement of a good character than a treacherous confidence in external advantages. These, if not seconded by your own exertions, will drop you, mid-way; or perhaps you will not have started, while the diligent traveler will have won the race.

It is of the highest importance that you have a commanding object in view, and that your aim in life be elevated. It is an old proverb, that "he who aims at the sun, to be sure, will not reach it, but his arrow will fly higher than if he aimed at an object on the level with himself." Just so in the formation of character. Set your standard high, and you can not fail to rise higher than if you aimed at some inferior excellence. Young men are not, in general, conscious of what they are capable of doing. They do not task their faculties, nor improve their powers, nor attempt, as they ought, to rise to superior excellence. The consequence is that their efforts are few and feeble; they are not waked up to anything great or distinguished, and therefore fail to acquire a character of decided worth.

You may be whatever you resolve to be! Resolution is impotent! Aim at excellence, and excellence will be attained. "I cannot do it" never accomplished anything; "I will try" has wrought wonders. A young man who sets out in life with a determination to excel can hardly fail of his purpose. There is, in his case, a steadiness of aim, a concentration of feeling and effort, which bear him onward to his object with irresistible energy, and render success in whatever he undertakes, certain.

Tested Recipes

While in the springtime a young man's fancy lightly turns to thoughts of love, the housewife's turns to something out of the common to feed her family on, and the following vegetable recipes are given with the hope of making the daily menu a little easier to plan.

Green Peas Supreme

Select young tender peas and cook them in just enough chicken stock to cover them. Add cream, salt and white pepper to taste. Serve at once in timbale cases or on crisp toast.

Asparagus-Au-Sea

Sprig of parsley, 1 tablespoon sugar, ½ teaspoon salt, 1 tablespoon finely chopped carrot, 1 tablespoon finely chopped celery, 2½ cups white stock, 1½ tablespoon gelatin soaked in ¼ cup cold water, 1 clove, 2 tablespoons lemon juice. Cook the vegetables and the clove in the stock for fifteen minutes. Strain and add the gelatin which has been soaked and the other ingredients. Pour this mixture into a shallow pan or a mold which has been greased. Chill. When the mixture begins to set, lay bunches of asparagus tips (from four to six in a bunch) in the aspic. Lay a strip of pimiento across each bunch. Cut the whole into squares and serve them with mayonnaise.

Cream of Spring Vegetable Soup

2 medium-sized carrots, 1 medium-sized white onion, 1 cup medium white sauce, 2 tablespoons butter, white pepper, 2 medium-sized potatoes, 1 cup small green peas, 1 pint white stock, either veal or chicken, salt. Cut the carrots and potatoes into match-like strips. Slice the onion and fry it in the butter until it becomes a light yellow. Cook the carrots, potatoes and onions in boiling water until they are tender. Cook the peas uncovered in a small amount of water. Add them to the other vegetables. Add the hot sauce and the stock. Salt and pepper to taste. Serve in hot soup-plates with a teaspoon of whipped cream sprinkled with finely minced parsley as a garnish.

Spring Toast

Cut green onions into one-half inch pieces, using the entire top of the onions. Cook these uncovered in very little water until they are tender. Drain them, add salt, pepper and butter to taste. Serve on rounds of hot buttered toast and garnish with chopped hard-cooked egg-whites.

Asparagus Fritters

1½ cups flour, ½ teaspoon salt, 1 cup asparagus cut in small pieces, 3 teaspoons baking powder, 3-4 cup milk, 1 egg. Mix and add the dry ingredients. Add the milk gradually and then the well-beaten egg. Stir the asparagus into the batter. Drop the mixture by spoonfuls into the deep fat. Drain on paper. Serve with pimiento sauce.

The recipe given below is excellent with which to stuff tomatoes, green peppers or to serve in pastry shells.

One cup of fine breadcrumbs, half-cup minced ham or any cold cooked meat, tablespoonful melted butter, salt, pepper, and seasoning to taste, one teaspoonful minced sweet pickle, one beaten egg. Mix thoroughly, fill cases and bake in moderate oven until peppers or tomatoes are cooked. If pastry shells are used, cook the mixture until heated through before placing in shells.

The two following breakfast dishes are a little unusual and very appetizing:

Cream of Wheat With Dates
3-4 cup Cream of Wheat, 4 cups boiling water, ½ teaspoon salt, ½ cup dates. Pour Cream of Wheat slowly into rapidly boiling salted water, stirring constantly; add dates and cook fifteen minutes in a double boiler.

Also with figs, raisins or prunes. Follow recipe above, using instead of dates ½ cup figs, raisins or prunes cut in small pieces.

Cream of Wheat with Poached Egg
3-4 cup Cream of Wheat, 4 cups boiling water, ½ teaspoon salt, butter, salt and paprika, poached egg. Cook Cream of Wheat in rapidly boiling salted water fifteen minutes; mix well with butter. Serve two heaping tablespoons cooked Cream of Wheat, make a depression in the center with the back of the spoon, and place in this a poached egg. Season with butter, salt and paprika.

Charlotte Russe

¼ box gelatine, ¼ cup cold water, 1-3 cup cream, 6 lady fingers, 1-3 cup powdered sugar, 3 cups whipping cream, 1 teaspoon vanilla. Soak gelatine in cold water, dissolve in the cream, scalded. Add powdered sugar and vanilla. When it begins to thicken fold in the whip from 3 cups of cream. Line molds with lady fingers, turn in the mixture and chill.

Something to Think About—

Until they can make a car that has more sense than a horse, the horse will always have a little something on a car.

CAMERA NEWS

"I CHRISTEN THE U. S. S. SARATOGA"

Mrs. Curtis D. Wilbur, wife of the Secretary of the Navy, just about to break the bottle of water over the bow of the fifth vessel to bear the honored name of U. S. S. Saratoga—the greatest Naval airplane carrier in the world, the world's longest naval ship, as it was launched April 7 at the Camden (N. J.) shipyards. The Saratoga is 874 feet long and of 105 feet beam. She has a power plant of 180,000 electric horsepower—or greater than the combined rated output of the six electrically driven capital ships now in commission. She will have a speed of 33 knots, driven by six huge propellers and will weigh more than 33,000 tons. Seventy airplanes will be carried in battle condition by the great vessel.

JAY GOULD RETAINS COURT TENNIS TITLE

Jay Gould, of the Philadelphia Racquet Club, who successfully defended his 20-year-old title as Court Tennis champ by beating Roger W. Cuddeback, of the Boston Tennis and Racquet Club at Boston.

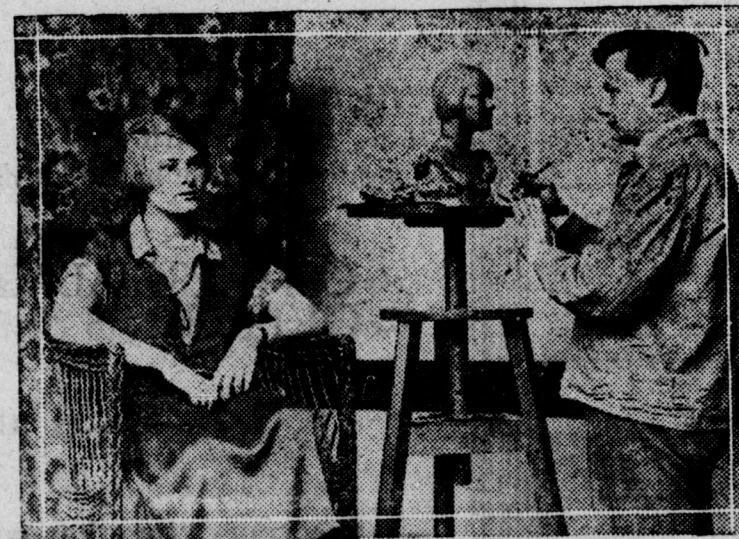

IN HONOR OF THE CANINE HERO OF THE WORLD

Frederick G. Roth, of Englewood, N. Y., well-known sculptor, with his model of "Balto," the famous lead dog of Gunnar Kasson's dog team, which by his animal instinct only, guided the dog team carrying the precious serum to disease-ravaged Nome, Alaska. The dog team was lost at the time. The finished figure will be 3 feet high at the shoulder, cast in bronze and mounted on a granite base in Central Park, New York.

JACKIE COOGAN AND THE "NEW STAR" IN HIS HOME

Jackie Coogan's nose is out of joint at home, now; although his position with the movie-going public is secure for a while yet—for he's a "big brother" now, and baby Robert Coogan, aged 4 months, is the pet of the family. The kid movie star is not jealous, however, but gladly posed for this photo with his new brother.

"QUEEN OF THE SPRINGBOARD" POSES FOR SCULPTOR

Gerome Brush, the sculptor, modeling bust of Miss Aileen Riggins, Olympic swimming and diving star, of New York, in his studio in Union Square.

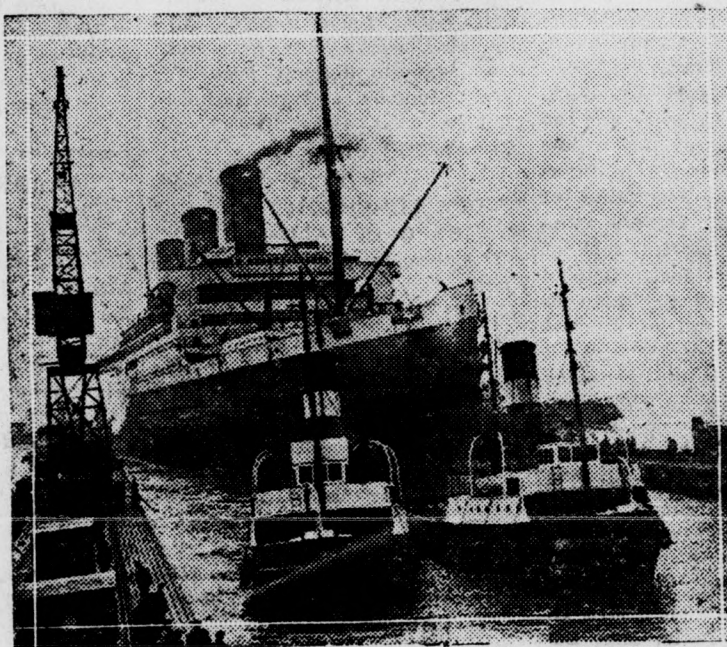

HINDENBURG ACCEPTS JUNKER NOMINATION

Field Marshal Von Hindenburg, who has been nominated for President of the German Republic by the National Conservative Bourgeois bloc. He had held back some time to opposing former Chancellor William Marx, until assured of the united support of the entire three sections of the bloc. Critics call it folly to try and fit one "of the grandest of Monarchial figures" into a new world, as the position would be.

UNIQUE PLANE CARRIER LAUNCHED—LONGEST NAVAL VESSEL IN THE WORLD

The U. S. S. Saratoga, fifth vessel to bear that name in midstream just after having been launched at Camden, N. J., and christened by Mrs. C. D. Wilbur (wife of Navy Secretary) April 7. The Saratoga is the longest naval vessel in the world and the fastest of all airplane carriers, having 888 feet overall length, 105 feet beam and 33 knots speed. Her electric power plant develops 180,000 horsepower, enough to supply all needs of a city of a million persons, and more than the combined power of the six electric drive capital ships now in commission. Seventy airplanes of all sizes will be carried on the unique vessel which also will be armed with 8 inch rifles.

BIGGEST PASSENGER LINER DRYDOCKED IN 25 MINUTES

White Star liner S. S. Majestic, largest passenger vessel in the world, entering the largest of drydocks at Southampton, England. Within 25 minutes the giant steamer was high and dry and ready for work—a record feat.

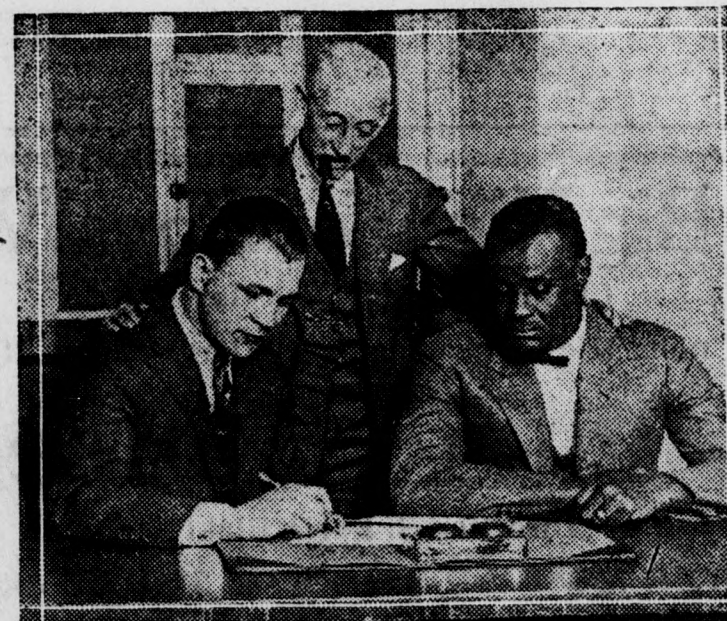

QUATRIN, DERBY CHOICE, TO START IN PREAKNESS

Quatrain, the winner of the \$20,000 Louisiana race, which will be a favorite in the Preakness at the Baltimore track in May. The horse, 3-year-old son of Omar Khayyam—Bonnie Mary, has won close to \$50,000 this season at New Orleans. Jockey Stubbs is up.

THE HARVARD VARSITY EIGHT

Harvard University Varsity crew in their new Pocock Shell on the Charles River, Mass. Bow, Capt. S. B. Kelley. 2. R. W. Ladd. 3. Geoffrey Platt. 4. F. Darlington. 5. George Johnson. 6. John Hubbard. 7. Kent Leavitt. Stroke, Robert Winthrop, and Coxswain, C. S. Heard.

WEINERT AND WILLS SIGN FOR BOUT

Charlie Weinert and Harry Wills, heavyweight scrappers, signing up for their bout in June at the Polo Grounds for the benefit of the Italian Milk Fund. Jimmy De Forrest, veteran trainer, and now match-maker, is looking on.

AIRPLANE COMMANDER FOR NORTH POLE

Lieut. Commander R. E. Byrd, Bureau of Aeronautics, who is to command the naval detachment of the Donald MacMillan expedition to the North Pole.

MAHATMA GANDHI, INDIA'S STRONGEST LEADER

A remarkable snapshot of Mahatma Gandhi, showing the apostle of Non-Co-operation seated, in his usual scanty costume, beside the "charkha" of native spinning wheel, symbol of his teachings that Hindus shall reject all English goods, spinning and weaving their own cotton in their own homes.

"PERFECTLY ABSURD," SAYS MRS. STILLMAN OF REPORTED RECONCILIATION

Mrs. Anne U. ("Fifi") Stillman and her 14-year-old son, Alexander, leaving Milwaukee on their way to visit the Grand Canyon in Colorado. Mrs. Stillman has characterized as "perfectly absurd" the report, begun by a Chicago newspaper, that her husband, James A. Stillman, had sent an offer of reconciliation through Alexander, who joined his mother in Milwaukee after she had spent two weeks there. Mr. Stillman only this week renewed action in New York courts to deny paternity of her youngest son, Guy.

UNITED STATES ENTERS RACE FOR NORTH POLE

The type of Loening Amphibian plane, which is to be used by the Naval fliers designated to go with the Donald MacMillan expedition to the Polar Regions to explore the "blind spot" North of Alaska, said to be one of the most valuable pieces of land yet unexplored. Other nations are trying for it. The expedition will go as far as Etah, and from there the planes will proceed further, establishing aviation bases from which to work. The planes can take off on water, land, or smooth ice with equal facility as their landing gear can be drawn up by machinery when making water stops.

SAN ANTONIO CHAPTER ENTERTAINED—

First mail route between San Bernardino and Los Angeles was started April 26th, 1853, and ten years later the service had increased to four trips a week between Los Angeles and Salt Lake City, according to data given in a most interesting paper by V. C. Beck of Ontario before members of the San Antonio Chapter, D. A. R., at their regular meeting yesterday afternoon, when they were entertained by Mrs. E. W. Henry and Mrs. Mildred Allen at the home of the former on West Twelfth Street.

Mr. Beck went as far back as 1774 in local history, and told many interesting facts about the early inhabitants of this country. Indians, Spaniards and Mexicans formed the population in the first part of the 19th century, and the Mexicans are reported to have been more cruel to the natives than the Spanish. Mr. Beck told of the meaning of the name Cucamonga, "Land of Many Waters," and mentioned the hidden treasure so well-known to pioneers, which is supposed to still be buried under some oak tree in the Cucamonga district. There was a constant travel from Mexico to California, and the old Santa Fe Trail over which so many people travelled led straight through what are now the thriving cities of Ontario and Upland. In fact those passing along Ninth Street, Upland, on everyday affairs, are tracing the steps taken by the pioneers, and embedded in the wall of Mac's Drug Store is a panel marking the Santa Fe Trail.

Chino, which, stated Mr. Beck, means curly leaf, and was so named on account of the willow trees, is the background of interesting tales. The hospitality of the early Spanish settlers was dwelt upon, and stories told of another early resident, Colonel Williams, who came to Chino in 1832, which were full of interest and local color.

After the program the hostesses served refreshments to the members present, and a social hour was very much enjoyed.

Among those who attended this meeting were Mrs. Jacob Jason, regent; Mrs. DeBerard, Mrs. L. W. Cushman, Mrs. Nellie Mason, Mrs. R. F. Lemon, Mrs. G. B. Hardy, Mrs. T. W. Nisbet, Mrs. H. Olson, Mrs. P. J. Potts, Mrs. Edwin Key, Mrs. Thorpe, Mrs. Chas. V. Barr, Mrs. O. K. Granger, Mrs. J. P. Hamilton, Mrs. Harry Petch, Mrs. H. Allen, Miss Elsie Hamilton.

LEGION TO GIVE DANCE MAY SIXTH—

Under the auspices of the American Legion Upland Post No. 73, a dance will be given at The

SOCIETY

Sycamores on Wednesday, May 6. Music will be provided by Sid's orchestra, and the affair promises to be very enjoyable. Tickets for the dance may be purchased from members of the Upland Post.

COUNTY WOMEN'S CLUBS TO MEET THURSDAY—

The spring convention of the San Bernardino County Federation of Women's Clubs will be held on Thursday at the Woman's Club House, Colton. Mrs. H. J. Wilder, county president, in the chair.

Several Upland club women are planning to attend. The program begins at ten o'clock, and the afternoon session will convene at 1:30. Among the interesting speakers scheduled for the day are Mrs. Kenneth D. Oliver, former southern district president, who will talk on the conservation of the redwoods from the clubwoman's point of view, and Miss Grace Stoerner, head of the woman's department in the Bank of Italy, Los Angeles, whose topic will be "Women in the World of Finance." Dr. J. Stadtmuller, director of the Child Hygiene Bureau, California Board of Health, will give an address, and assembly singing will be heard, as well as instrumental music.

ENTERTAIN GIRL FRIENDS INFORMALLY—

The Misses Freda and Anna Wedel informally entertained a number of their friends Friday night at their home on First Ave. The rooms were fragrant with beautiful lilacs, and mah jongg and bridge were enjoyed. At a late hour dainty trays were served to the following guests: Miss Laura Shinkel, Miss Doris Gathercoal, Miss Helen Chaney, Miss Hannah Chaney, Miss Betty Harn, Miss Arabelle Cheney, Miss Margaret Combs, Miss Katherine Puelher, Miss Hilda Brand, and Miss Freda Brand.

BRIDGE LUNCHEON BY MRS. G. H. HALL—

The second of a series of spring parties was given by Mrs. George H. Hall on Friday, at her attractive Euclid Avenue home, when she entertained with a bridge luncheon.

Baskets with pink tulle bows filled with lovely spring blossoms were used with artistic effect in decorating the dining and reception rooms. Luncheon was served in courses at one o'clock, and following the delicious menu, the guests spent the afternoon at the bridge tables.

High and low score were made by Mrs. Paul R. Daggs and Mrs. Harleigh C. Brown, who were the winners of the prizes.

Mrs. Hall's guests included Mrs. John B. Craig, Mrs. J. F. Sawyer, Mrs. H. W. Flowers, Mrs. G. A. Brest, Mrs. V. H. Wilson, Mrs. Paul Adams, Mrs. W. H. Craig, Jr., Mrs. R. C. Norton, Mrs. R. B. Bordwell, Mrs. Daggs and Mrs. Brown.

ENJOY LUNCH AT LOS SERRANOS—

Mrs. D. C. Perry informally entertained Mrs. J. L. Grahame and Mrs. Horace Moore of Ontario at a one o'clock luncheon at the Los Serranos Country Club on Monday. The table was very pretty with its centerpiece of fragrant roses, and after lunch a stroll through the grounds was enjoyed.

ENTERTAINS IN HONOR OF HER HUSBAND—

Mrs. Claude P. Mengle entertained with a turkey dinner on Friday at their home on Second Ave., in honor of her husband, Dr. Claude P. Mengle's birthday.

The rooms were very lovely with red and yellow roses, white roses of a delicate pink shade were used in decorating the dining-table. Dinner was served at twelve o'clock, and the same pink color scheme was carried out through all the courses.

Those enjoying Mrs. Mengle's hospitality were: Mrs. Ella Munro, Mrs. Myrtle Huegler, Mrs. Carrie Baker and Mrs. Mengle's mother, Mrs. Margaret Holcomb.

UPLANDERS ENJOY TRIP TO LOS SERRANOS CLUB

Mrs. Chas. E. Allen, a member of the Los Serranos Club, accompanied by Miss Lillian J. Williams, Mr. and Mrs. Chris. Thudlum and sons, Roy and Edward, and Mrs. Geo. L. Winter, motored to the Club on Sunday to enjoy the beautiful, park-like grounds and to inspect the remodeled clubhouse that was formerly opened to the public on Saturday evening. Interesting features of the opening were the decorations used in the club rooms of satin draperies in Spanish style and colors, yellow, green and magenta, with deep chenille fringes; the beautiful lighting of the grounds by means of colored spot-lights in the tall trees, and the appearance during the evening's program of the grand-daughter of the original owner, Don Maria Lugo, who is now a woman of 78 years, and who spoke briefly of her early recollections. A large number of members and their guests from all parts of Southern California visited the grounds on Sunday.

SEND CONTRIBUTION TO ALASKAN MISSIONARY

The First Presbyterian Church of Upland is sending a contribution to Dr. S. Hall Young, the Alaskan missionary, to help in the purchase of a boat for the work there. The boat is to cost some \$50,000. More than half of this amount has already been given. After the splendid address given by Dr. Young last week, all who heard him are anxious to have a share in the work he is doing. All friends who wish to make a contribution to this work may do so by sending checks or cash to S. M. Love, the treasurer of the benevolence of the church. All contributions should be in Mr. Love's hands not later than May 10th. On that day, "Mother's Day" in the church, the Sabbath School, Endeavor Society and church members are all bringing their missionary offering for this cause. A letter dropped in the postoffice addressed to Mr. S. M. Love, Upland, with an offering to this work in Alaska, will reach its destination.

GIRLS HAVE HOUSE FOR WEEK-ENDS

Realization of a long-cherished dream seems nearing completion with the discovery of a house already built and within fifteen, fourteen to be exact, minutes motor drive from the business district of Upland, which will prove ideal for week-end visits, scout socials, and other festivities for the Scout and Campfire members in the Chaffey Girls' Work Organization.

The house is located on the mesa overlooking the entire valley, and the view is magnificent, while the inside of the building is eminently suited to provide ample room for the groups of girls who plan to occupy it during week-ends and through the summer vacation. The house was "happened upon" by a member of the Girls' Work Organization while driving round looking for exactly such a spot as she found. Members of the Women's Board and several interested in the Girls' Work looked over the proposition, and were most enthusiastic, showing by their deeds how much they thought the girls would be benefited. Someone interested in Campfire work has offered to pay the first six months' rent, and a member of the Board has provided for the payment due on the seventh month, while kitchen supplies, cots, bedding, chairs and other furniture are being offered by friends.

The house and grounds have been leased for a year, and the owner said he was far more willing to rent to the Chaffey organization than to a private family, as he felt sure from the training given the Scouts they would take the greatest care of the garden, house and surroundings. There are some lovely trees and flower beds, wide sleeping porches, a living room with a view of the valley to the east, south and west, and several rooms which will accommodate the girls, who are looking forward with great glee to Scout house parties.

A stone fireplace will be built in the garden where wienie roasts and outdoor stunts round the fire may take place, the house is being repainted and papered by the owner, so that the girls will feel that they have practically a new house.

Miss Janet Stone, general secretary of the girls' work in the Chaffey district, stated today that she was representative that while the leasing of the house would in no way interfere with the campfire trip in the canyon, it would help out many problems now before the organization, giving the girls a chance to exercise their household abilities in the cooking and domestic line. Each group of girls will leave the house in perfect condition for the next, and while occupying it on their trips will keep up the household equipment as if they were the actual owners. Miss Stone, while acknowledging with heartfelt thanks the many gifts for the new abode, also would be delighted to have more things, and contributions of furniture, bedding, pillows, towels and anything that will make the house a "home" will be needed.

Mothers of the girls in the Reserves, Scouts and Campfire will be very pleased it is hoped with this plan. Many girls, while anxious to go on the camping trips, are not always able to, and lose many jolly hikes, but now those not wanting to tramp ten or fifteen miles, may hike to the House of Good Times and enjoy a week-end holiday, practically spent out-of-doors and yet with the conveniences of home.

FAMOUS ORATOR TO BE HEARD ON FRIDAY EVE.

All California will have an opportunity to hear Dr. Thomas E. Green, an orator of national and international reputation, when he broadcasts from Los Angeles on Friday evening, May 1, at 7:30 o'clock, from the Examiner station in the Packard Bldg., and again at Oakland a week later from the Tribune Tower shortly after 8 o'clock on the evening of the 8th. Dr. Green, a member of the Staff Council of the American National Red Cross, is making a return visit to the Pacific Coast as a result of his successful speaking tour of twenty of the large cities last September. Keen appreciation of the opportunity afforded to present one of the foremost speakers of the day is felt by the organizations sponsoring Dr. Green, which include the City Club, Los Angeles; Legion Forum and Hammer Club, San Diego; Rotary Club, San Pedro; Kiwanis Club, Long Beach; Chamber of Commerce, San Jose; Commonwealth Club, San Francisco, and Lions Club, Stockton. Interest in his appearance is two-fold since he brings a message not only to active Red Cross workers but to citizens generally, who comprise the Red Cross bulwark in time of emergency.

We were going to take a fishing trip this week, but the other day when I was in one of the stores a stranger came in and asked if he could use the telephone, and I happened to overhear his end of the conversation. So, presto! this article.

"Hello Central, give me — on Nocta Street, Ontario," and when Central informed him that he would have to look up the telephone number, that man became quite indignant. He said in P.O. (that's not the real name of the town) where he lives, all you have to do is tell Central a fellow's name, and there was no monkey business about a number.

I Look Into the Matter— Well, after hearing that man tell all about the virtues of the Central and all about the shortcomings of my Central, I decided to investigate, so I went down to the telephone office and told the chief operator what I wanted, and asked her if I might sit around and watch the "inner workings."

A World in Itself— How many of you have ever seen the heart, as it were, of a telephone office? I dare say only a very few know what a switchboard looks like. But let me tell you right here, that if you want to see something vital, interesting, human, go down to the telephone office. Visitors are always welcome and those in charge glad to tell you all about the work.

I Answer Calls—

I was given a head phone and allowed to plug in and answer calls. I am just going to tell you about a few calls I answered.

A little light flared up, and I was as pleased as a child with a new toy when I heard my boss' voice—could hardly refrain from saying "Howdy," but the chief operator had told me that I must only say "Number please." So I only say "Number please." More tended strictly to business. More lights and more lights—tired waiters, cross women, weary waiters, thoughtless boys and girls—you could almost tell from the tone of their voices which type they represented. My, how it was interesting, and oh, how you did have to keep your wits—yes, and your temper, too. Almost lost mine completely when a sweet feminine voice said "Taking a nap, Central" right off the bat. I wanted to answer "No thank you; just having my weekly bath." I remembered in time that I had given my word to say nothing but "Number please," so I let it pass.

Which Sex the Most Courteous?

Being a woman—oh, how I hate to confess it—but the men were far, far more courteous than the women. I heard the words "Please" and "Thank you" only a few times in the time I spent at the board, and then it was the men who used them. Another expression that the men used very frequently was "Yes mam" and "No Mam," and while it sounded funny it also sounded very good. Am not well enough versed in the psychology of men and women to know why as a rule the men were kinder than the women, but I do know that it is so.

I Interview the Operators—

One by one as the operators left their boards for a few minutes of rest (and I assure you that they need to relax after working at top speed for an hour or more) they told me a number of clever, interesting things—yes, and, funny things, too, that I will tell you about some day.

I asked the chief operator if the operators were very weary after the day's work, and this is the answer she gave me: "It all depends on the mood of the public. If the subscribers have been in a kindly mood, the operators are not nearly as tired as when the subscribers are exacting. Why, during the cold weather when the ranchers were in fear of a freeze, the operators would be tired out from the strain and worry that they felt in the voices that came over the lines."

Isn't That Service?

Imagine having these unseen young woman shouldering your troubles and doing it so quietly, too. Well, I was like the fellow from Missouri, you had to show me, and I suppose a great many of you will have to be shown before you will believe it, but take my word that it's worth anyone's time to be shown. That telephone office with its understanding operators is an active service club right in the heart of our own town. Why, when I asked the chronic crank (oh, yes, there are a few) they said, "Why we feel sorry for them." Can you imagine

FILL IN THOSE 1923 TAX STATEMENTS AT ONCE

Southern California taxpayers who failed to file returns on 1923 income or made incorrect returns are being summoned to the Internal Revenue Bureau at the rate of one hundred daily.

Complete files of reports made by employers, corporations and other business concerns of the amounts of salaries, wages, interest, rents and in fact any sum of \$1,000 or more that they paid to any individual during 1923 have been received from Washington by Collector Rex B. Goodcell.

Checking of these reports with income returns filed for 1923 is daily disclosing the names of those who had taxable incomes in 1923 and failed to file returns. Under instructions from Washington this checking up process is being speeded.

Persons who failed to file returns for 1923 through misinterpretation of the law are advised by Collector Goodcell to file returns at once and make their explanations. In cases of this character only nominal penalties will be imposed, but under the Revenue Act aggravated cases showing wilful failure to file or fraud must be turned over to the Department of Justice.

Revenue officials made it clear that under the checking system started, information is now in the government's hands as to the name of every person in the district who was paid \$1,000 or more for wages, salaries, interest, royalties, etc., by employers or corporations during 1923. Where no returns were filed systematic investigation will be made and the tax liability determined.

These investigations are not optional with Collector Goodcell as they are provided for by law and the regulations of the Internal Revenue Department. "If you failed to file for 1923, pay us an early visit," said Collector Goodcell.

It, feeling sorry for a woman who asks you if you are taking a nap when you have answered her just as fast as your hands could move? I fear if I had my way, all the cranks would get buzzed in the ear.

There is a COLLEGE GIRL CORSET For Every Type of Figure BEAUTY

—The Birthright of Every Woman

It is the pleasant duty of every woman to set herself the task of attaining the utmost in beauty that is possible for her.

The woman who allows herself, through carelessness or neglect, to lose the charm that is hers by natural right, is infringing upon the rights not only of herself but also of her associates.

LOOK OUT FOR SELF POISONING

Neglect of the liver results in self-poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle, if your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach, or constipation. Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost. Dr. Thacher's Liver and Blood Syrup is sold and recommended by O. P. Brady and all other leading druggists.

Announcing— That Joseph Bell has purchased the Upland Cleaning Business formerly operated by R. M. Linekin.

We were so impressed with the beauty and home-like atmosphere of this place, while making a visit here, that we decided to leave our old home in Texas, after operating a cleaning business there for 15 years. We know the business and if it's cleaning or alterations you can be assured that the job will be done right.

Stop in and get acquainted—we want to know you. JOSEPH BELL, Prop. Phone 72 149 Second Avenue

16,000 PEOPLE SAW RAMONA PAGEANT

Nearly 16,000 people saw the Ramona pageant, in which the age-old love story of the Indian girl of California history and Alessandro, her lover, was told in the amphitheater in the hills overlooking the fruit blossom-bedecked Hemet Valley.

From every city of California the guests came. Among the notables were John Steven McGroarty, author of the Mission Play, La Golondrina and other stories of California history; former Judge Benjamin F. Bledsoe, Jos. M. Schenck, movie producer, and Norma Talmadge, Charles F. Lumis, the student of Indian history, and Douglas Fairbanks and Mary Pickford.

The production was never more beautifully staged. Dorsie Schukow, as Ramona, again scored a remarkable success, as did Earl Schenck, noted New York and Los Angeles actor, in the role of Alessandro, her lover. Miss Schukow played the title role in the pageant last year.

San Jacinto and Hemet were thronged with guests over the week-end. The pageant will be staged again next week, Saturday and Sunday, May 2 and 3.

But the two mountains moving in Colorado isn't so much. We know a man who saw a plumber move.

LOOK OUT FOR SELF POISONING

Neglect of the liver results in self-poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle, if your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach, or constipation. Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost. Dr. Thacher's Liver and Blood Syrup is sold and recommended by O. P. Brady and all other leading druggists.

Around Our Town

Mr. and Mrs. Ed P. Chaffee are spending a few days in Los Angeles visiting their children.

Mr. and Mrs. J. E. Bryant and daughter, Miss Eula, motored to San Bernardino on Sunday and spent the day at the home of their son, Howard Bryant.

Miss Evelyn Phillips and Wm. Armstrong spent Sunday in Los Angeles visiting friends.

Mr. and Mrs. L. E. Alford drove to Redondo Beach on Sunday and spent the day at the home of Mr. and Mrs. Frank Brazil.

Mr. and Mrs. W. E. Phillips motored to Pasadena on Sunday, where they visited their daughter, Miss Lucille Phillips.

We Sharpen Lawn Mowers by machinery; price \$1.00.—Palmer's Sport Goods Shop.

E. French, formerly in charge of the Santa Fe Euclid Avenue crossing gates, is up from San Diego for a few days, visiting his sons, Ben and Charles French.

C. M. Banford left Sunday over the Santa Fe for his home in Perdy, Miss.

Miss Dorothy Pond spent the week-end at Sherman, visiting her parents, Mr. and Mrs. A. G. Pond.

Dr. A. M. Witham of Los Angeles spent Friday at the home of Dr. and Mrs. Claude Mengle.

Mrs. Roy Creighton and children, Erma and Jack, spent Saturday in Los Angeles, and on Sunday they enjoyed a family reunion at San Pedro, where there were fifteen members of the family present.

Mr. and Mrs. Harry Chaffee and family of Compton spent Sunday at the home of Mr. and Mrs. Ernest Mehl, 311 Washington Blvd.

H. S. Johnson, of Norenberg & Johnson, Architects and Engineers, of Los Angeles, was in town on Saturday, interviewing the directors of the Upland Citrus Association.

Mr. and Mrs. B. H. Goldsberry and Mrs. Stella Bredt spent Sunday at Long Beach, where they visited friends.

Mr. and Mrs. James Goodban, Mr. and Mrs. Harvey Tuttle, Mr. and Mrs. R. H. Marr, Miss Florence Fulton, and Miss Margaret Johnston, drove to Lake Arrowhead on Sunday, where they spent the day. The party did ample justice to the hot coffee and lunch after an animated game of snowball.

Ernest Olson, who has been helping at the J. E. Bryant meat market, is now in charge of the Ontario Public Market.

Mrs. Pauline Jacobs and her brother, Robert Klindt, spent Sunday in Los Angeles on business.

The following boys spent the week-end at the Bryant cabin in Ice House Canyon, making the trip on their motorcycles: Harold Bice, Wm. Cunningham and Clyde Bryant.

Mr. and Mrs. Norman Allen and family drove to Pomona Sunday night and enjoyed dinner at the home of Mrs. Allen's parents, Mr. and Mrs. A. Peterson.

Robert Weiss and Irvin Klindt spent Sunday at Venice looking over some property they recently bought.

Mr. and Mrs. J. W. Mehl, accompanied by Mrs. May Cable, drove to Los Angeles on Sunday, where J. W. enjoyed a few holes of golf at the Midwick Country Club while the ladies took in "No, No, Nanette" at the Mason.

Mr. and Mrs. Claud Faulkner left for Los Angeles on Sunday on receiving word that Mrs. Faulkner's sister was very ill.

Miss Mary Nafus and Kenneth Pond motored to Hemet on Sunday and took in the Ramona Pageant.

Henry Reese, Jr., is the proud possessor of a new Columbia bicycle that he purchased from John Palmer.

Mrs. R. O. Price returned on Monday from Kansas City, where she has been visiting for a few weeks.

Dr. E. J. Moffitt and family of Hollywood spent Sunday at the home of Mr. and Mrs. H. C. Van Dusen, 562 Third Ave.

Mr. and Mrs. P. H. McQuillen, accompanied by Mrs. Mina Blacklock and Dr. A. M. Pond of Los Angeles, motored to Hemet Sunday and enjoyed the Ramona Pageant.

Miss Dorothy Allen was among those who motored to Los Angeles Sunday to see the "Flying Finn" at the Coliseum.

Mr. and Mrs. Harry Fies and Mr. and Mrs. John Benford drove to Lake Elsinore on Sunday and spent the day.

Mr. and Mrs. Chas. Ragan and Mr. and Mrs. Joe Gaul and daughter, Miss Rose Evelyn Gaul of Los Angeles, spent a few hours at the home of Mr. and Mrs. Harry Fies Sunday evening.

Mrs. Grace Paulin and Mrs. Paulin, Sr., are spending a few days at Santa Monica.

Mr. and Mrs. Elroy Wright entertained Mr. and Mrs. Hubert Jessup at dinner Sunday night at their home on First Ave.

Mrs. Gertrude Thudium and Miss Lillian Williams attended the mid-summer opening of the Bodin Millinery Co. in Los Angeles on Friday.

Mr. and Mrs. Wm. P. Blakely of South Pasadena spent a few days at the home of Mr. and Mrs. Geo. Barlow on Third Ave.

Mrs. Margaret Holcomb spent the week-end in Los Angeles, where she visited friends.

Upland was well represented in Los Angeles on Friday, the following people going in on the 9:20 Pacific Electric car, Mr. and Mrs. W. S. Avery, Mrs. Alice Erickson, Mrs. Paul Bodenhamer, Mrs. W. E. Kelsey, Dr. Mary Craig Williamson and Mrs. J. D. Howe.

Mr. and Mrs. Howard Everett and Miss Janet Bryan went to Hollywood Sunday and enjoyed "The Iron Horse" at the Egyptian Theatre.

Everyone welcome to Colonial Theatre this evening. "Broken Laws," a picture you should see. Business and Professional Women's Club putting the picture on.

John McQuillen and family and Mr. and Mrs. Frank Willmarth of Los Angeles spent a few hours Sunday evening at the home of Miss Teresa McQuillen, 256 Eleventh St.

Elmer Andrew Peterson, 21, and Ellen May Titus, 19, both of Los Angeles, were married here yesterday by Judge George R. Crane.

Mr. and Mrs. Al Billington, Mr. and Mrs. Guy Billington, Mrs. Bessie Kitson, Mrs. Annie Bird, of Long Beach; Mrs. Sue Mehl and daughter, Jean, spent Sunday at Fairmont Park, Riverside.

Charles Puckett, of the Ford Agency, reports the sale of the following cars this week: one tractor, coupe, sedan, roadster, touring car and a truck, and they were distributed from Upland to Pasadena.

Come tonight to see "Broken Laws," starring Mrs. Wallace Reid, at the Colonial Theatre. Given under the auspices of the Business and Professional Women's Club.

Boys of the Mexican Scout Troop met last Saturday evening at the Y.M.C.A. Hall on Third Avenue, and spent the early part of the evening at the Upland Public Library, where they received library instruction from their leader, V. B. Anderson. Later they returned to the Y.M.C.A. and had flag drill and patriotic singing.

Showing Mid-Summer Hats, in Hair Braid, Georgette, Leghorn, Blocked Hats, latest line; Sport Hats in White Felt, hand-painted. —Upland Hat Shop, 237 Second Avenue.

Mrs. B. F. Komisarek and daughter, Miss Blanche Walters, of San Pedro, were guests over the week-end of Mrs. C. A. Jaquith and Mrs. Harry Dinger, at their home on Laurel Avenue. On Sunday Mr. and Mrs. Alrie Walters motored up from the beach city and spent the day at the Jaquith home, driving back in the evening, accompanied by Mrs. Komisarek and Miss Walters.

Miss Marjorie Robinson of Nova Scotia, Canada, who is a student at the Riverside Library Service School, was a guest over the week-end of Miss Lena Leahy. The two girls returned to Riverside on Sunday evening.

Dr. and Mrs. O. A. Thompson and their son, Robert, of Koster Court, accompanied by Mr. and Mrs. J. D. Dean and family of the Glendora Gleaner, motored to San Gabriel on Sunday, where they were guests of John Steven McGroarty at a performance of "La Golondrina," at the Mission Playhouse.

Mr. and Mrs. Harry Cavers, Mr. and Mrs. V. H. Wilson, Mr. and Mrs. Earl Hawthorne, Mr. and Mrs. Harry Kennedy, Mr. and Mrs. David Wildmark, Mr. and Mrs. R. C. Norton and daughters, the Misses Mary and Louise Norton, made up a delightful motor party on Sunday to Hemet, where they witnessed the Ramona pageant.

Feel free to phone 18, Dr. O. A. Thompson, chiropractor, about health matters. He is not a stranger; you just don't know him yet.

A booster program put on the air by the Pacific Electric Railway Company on Tuesday night was heard by many Upland radio fans who listened in over K.H.J. on Tuesday night. San Bernardino County was the topic, and its beauties and wonders were heralded far and wide.

Former associate of Alvin Tolle, who was formerly connected with the Commercial National Bank here, journeyed to China to attend the opening of the new China Bank building. Mr. Tolle is now cashier of the China Bank. Those going from here were Mr. and Mrs. W. B. Gallentine, Mr. and Mrs. H. C. Moore, Mr. and Mrs. Frank Nichols.

Mr. and Mrs. S. G. Moore entertained L. Harker of Burbank at their home, 525 North Euclid Avenue, on Sunday.

Mr. and Mrs. L. R. Bradley and daughters, Thelma and Nellie, motored to Indio on Sunday, where they met Mr. and Mrs. M. C. Mills (Ardis Bradley), and a picnic lunch was enjoyed.

J. L. Grahame made a business trip to Los Angeles on Monday.

V. W. Hale has sold to John C. Clausen lots 45 and 46 in the Blakeslee subdivision. The lots are located on West Ninth Street, west of San Antonio Avenue.

Beginning with the next monthly meeting of the Upland Business and Professional Women's Club, Tuesday, May 12, the regular noon luncheons will be served at Crowell Hall by women of the Methodist Church. During the past few months the noon luncheons have been served by the Upland Woman's Club at the Hotel, so that members are asked to remember the change of place.

Ladies' Aid of the Methodist Church will serve a May Day breakfast on Friday, May 1st, from 6:15 until 10 o'clock, which the general public is invited to attend. On Saturday the same organization will hold a food sale and rummage sale in the store formerly occupied by the Azuley Cafe on Second Avenue.

In the practice game played Friday night, the Lemon Growers beat the Ontario Power Co. 11 to 2.

Mr. and Mrs. R. C. Williams returned at noon today from Tacoma, Washington, where they were called a few days ago by the news of the death of Professor B. F. Welty, brother-in-law of Mrs. Williams. The journey was made over the Southern Pacific.

Mr. and Mrs. John A. Ford and son, Jack, of Hollywood, were guests of Mrs. Grace Richardson on Sunday. Mr. Ford is a member of the advertising firm of Hogue & Ford, Los Angeles, who specialize in editorial and publicity service, and had just returned from an interesting motor trip to Death Valley with the Harold L. Arnold party, who staked out seven mining claims for various minerals while there. Mr. Ford's parents, Rev. and Mrs. Jas. T. Ford, who had been spending the week with Mrs. Richardson, returned with him to Hollywood.

School Notes

Miss Eleanor Schaap and Miss Lauretta Shinkel spent the week-end in Shinkel, this time seeing "The Iron Horse."

Miss Shinkel was a guest at the Ernest Dart home Sunday.

Miss Tarleton and Mrs. Saylor and daughter attended the Junior Play at Chaffey on Friday night.

Miss Tarleton's room gave a very interesting dramatization of "Forest Castaways" Friday morning. The cast was as follows: Phil Harden, Roy Nelson; Bob Wenham, Thomas Settle; "Bill," Felix Ynostroza; Frances Harden, Naomi Danforth; Mr. Harden, Ernest Baker; Mrs. Harden, Hazel Perdue; Mr. Wenham, Robert Vandenberg; Sheriff, Robert Nafel; Guard, Pedro Espino; Doctor, Willis Wollard.

Mr. Paulin spent Sunday at the Los Serranos Country Club near Chino.

Friday, May 15, has been selected as Playday. A track meet will be staged in the morning and a pageant will be given in the afternoon.

Miss Brown attended the luncheon given by the Better Homes Committee at the Women's Club. They discussed plans for Better Homes Week.

Mrs. K. remer entertained her niece, Miss Hooker, over the week-end.

Mrs. F. E. Rader has been critically ill since last Wednesday at the Community Hospital.

At the last class meeting, held April 16, new officers were elected. The new president is Lavon Stauffer; the vice-president is Billie Van Horne; Laura Fukuda is secretary, and Alta Hamilton is treasurer.

Miss Griggs, accompanied by her sister and the Misses Minerva and Ella Weed, motored to Claremont Sunday afternoon.

Frank Wiley and Lynn Breaky will write the school news notes next week.

PROGRAM READY FOR LEGION STUNT CIRCUS

Upland Post No. 73, American Legion, will have the following program for the Stunt Circus at the Legion Clubhouse Wednesday, April 29, at 3 p.m., for their part of Boys' Week. Entries for the events can be made at the Upland Grammar School on or before that date. No one boy can enter in more than three of the events. The prizes will consist of free passes to the Colonial.

Program—Musical chairs, potato race, tub balancing contest, shoe race, egg race, hop, step and jump, standing broad jump, 100 yard dash, 50 yard dash, tug-of-war between boys of the 5th and 6th grades, tug-of-war between boys of the 7th and 8th grades.

Members of the Upland Post will please report at the clubhouse at 2:30 p.m. on that date to assist in the Stunt Circus.

When you are lonely and want the doorbell to ring, try to take a bath.

GLEE CLUBS IN ANNUAL CONCERT

When the Chaffey Glee Clubs' annual concert takes the stage on Friday night, it will be to present the most brilliant program in the history of the music department. Both the girls' and boys' clubs are at the very peak of their year's work and are prepared, to boost the standard of past achievements still higher. When it is remembered that in past years Chaffey clubs won every contest the Citrus Belt League held, it means they have a fine record.

The Chaffey Junior College quartet are to appear—Toomey, MacLaren, Francis and Vickery. They were given an ovation at Ontario Rotary Club last week. They will sing "The Creole Love Song" and "Mother o' Mine." Francis' fine baritone voice will be heard in the "Trumpeter"; MacLaren will sing Bullard's great song, "The Sword of Ferrara," while Vickery's deep basso profundo, undoubtedly the most characteristic bass Chaffey has ever had, will sing "Bells of the Sea." His low C at the end is like an organ tone.

The girls will be represented with highest credit by Margaret Paxson, Elsie Miller, Ruth Brownless and Hilda Johnston, in solos from the modern French, Italian and English. Mary Hill will be heard on the great pipe organ, and Ruby Kimball, popular violinist, will play, by request, Wieniawski's famous "Legend." Her work is of a high order.

Just for full measure, Malcolm Davidson, who is a Chaffey and Stanford graduate and a gifted performer on the cello, will play the "Allegro Appassionato" by Saint-Saens.

The program will reach a strong climax in the final group which will reveal the recent developments, color-music, in which the emotional background of the composition is intensified by synchronizing subtly beautiful lighting effects with the music. The results to be obtained in such an ensemble as the fine chorus and the great pipe organ coordinated with this extraordinary lighting must be seen to be appreciated. Mr. Blakeslee is particularly glad to be able to bring this demonstration to local audiences.

RIVERSIDE AND SAN BERNARDINO ARE LEADING LEAGUE

With both favorites winning by one-sided scores Friday afternoon, the Citrus Belt League baseball race settled down to a battle between San Bernardino and Riverside. Berdoo caused no surprise in defeating Redlands 12-2, but Chaffey caused surprise when they allowed Riverside to put over a big score of 18 to 4. It was the local high school's second loss.

French Hit Freely

The game was Riverside's from the start, with Maxwell holding the Tigers well in hand at all times. French opposed him for Chaffey, but Riverside hammered him in every inning and he did not seem to have the "stuff" on the ball he had when San Bernardino barely nosed out the locals a week ago.

Chaffey plays Pomona this week and the team is putting in lots of practice in preparation for the game with their old-time rivals.

Gate City Wins Easily

San Bernardino had an easy time with Redlands, and were so sure of winning that they tried out a supposedly second-string pitcher, saving Levering, their big red-skin twirler, for harder games. Woodhouse was on the mound for San Berdoo, and allowed only 5 hits, fanning 17 Redlands batters, thus assuring the Gate City outfit of a pair of high-class men to do their twirling for the season. These two men alternate as pitcher and first-baseman.

League Standing

The league now stands with San Bernardino and Riverside tied at the top with two wins and no losses, and Chaffey holding the cellar position with two losses and no wins. However, the boys say Pomona will be at the bottom after Friday.

	W. L. P. C.
San Bernardino	2 0 1.000
Riverside	2 0 1.000
Pomona	0 1 .000
Redlands	0 1 .000
Chaffey	0 2 .000

TENNESSEE PEOPLE TO PICNIC MAY 9TH

The annual spring picnic for all the Tennessee folks will be held in Sycamore Grove Park, Los Angeles, all day, Saturday, May 9, 1925, with basket dinners at noon.

Each county will open headquarters and registers. All Tennesseans are invited.

Bend or Twist in any Direction with Ease and Comfort

The women of today demand a freedom that was not permitted in former corsets.

You may have the Girdle Type, which gives you Freedom Plus Correct Outline—a dainty, soft, pliable bit of handsome broche and woven rubber. It gives you the flat back and straight hips.

Cor-Sets or Corselettes

Do you like something lighter than a corset—these Cor-sets will just suit you. They fit so well and give such freedom of motion.

COMING UP—Two very interesting and pretty events. The first is May Day (Friday, May the first), with its riot of flowers and color and attendant gaiety and May Basket Fun—

THE NEXT DAY—Saturday (May 2nd) will be Opening Day for our new line of "DOROTHY ANN" HOME-MADE Candies.

FOR YEARS WE have searched for the supreme quality and seductive freshness of such a Candy product. We found one that has kindled the wholesome enthusiasm of Mac the Medicine Man and His Trusty Crew—and on next Saturday we will have it on Sale Display for your inspection and delectation.

IT WILL SELL for Eighty Cents the POUND—in Bulk or in BOXES. These boxes will be packed out of fresh, appetizing trays from your own selections—before your eyes—and we guarantee that you will be thoroughly delighted. The Chocolate Coatings of Bittersweet, Dark Sweet—and Rich Milk—truly tempting and the centers are absolutely wonderful—Mac Says So.

MEN OF ALL AGES are big buyers of Chocolates—but many times they want high grade Candies—without paying for an expensive box. Beginning Saturday, we will offer you that unusual opportunity in the inimitable DOROTHY ANN Candies. This is your invitation to come and see—we will make you welcome—Mac Says So.

SALES SPECIALS—Getting ready for our "Dorothy Ann" Opening on Saturday. We are closing out all of our 75c Bulk Chocolates at 50 Cents the Pound—in order to have the CUPBOARD BARE and GET A FRESH START. We have a dozen or so boxes of Whitman's, Christopher, Beaudry, Betty Bolton, Saylor's and Jayne Chocolates—at very attractive prices—for the same reason—Mac Says So.

FRIDAY, SATURDAY AND SUNDAY we are running a May Day Special in Valley Maid—Brick Ice Cream—made with Fresh Fruits in the Ice Cream and Sherbet one-quart brick, 43 cents; one Pint 23 Cents.

MAC'S HEAVENLY TWINS—Quality and Service—will meet you at the Door.

Cheerfully yours,

Mac The Medicine Man, (Inc.)

And HIS TRUSTY CREW

A Saving to Taxpayers

Highland Messenger

By an ultimate bond investment of \$200,000, San Bernardino County taxpayers are offered an opportunity to secure for the county a new court house and site valued at fully \$600,000. Save taxes, protect valuable records, and a fire and earthquake menace, and aid in progress and prosperity by voting for the court house bonds on May 5th. The opportunity presented would appeal to any private investor—why not be equally shrewd about public business and assure this project by your affirmative vote. Don't allow prejudice to sway your reason. This project is sound financially and every other way and appeals directly to the common sense of those who investigate. IT WILL MEAN A SAVING TO TAXPAYERS in solving a county building problem that must be faced, either on the old site or the new site and by either bond issue or DIRECT TAXES. If money is worth five per cent or less to you, perhaps you can afford to pay direct taxes for the necessary improvement, but to the average rancher and business man money is worth seven or eight per cent and the county can use cheaper money through its bonding credit than most private individuals can command, so let us use the credit of the county to build the new court house upon a site already donated. Don't depend upon the other fellow in this matter, but do your part to make it unanimous for the county court house bonds. VOTE BONDS "YES" Tuesday, May 5th. If you are in doubt as to any point involved in this matter, go to headquarters for your information. Don't let anyone with a pet prejudice, or misconception of facts, mislead you. Any county officials or member of the Board of Supervisors, any member of the Citizens' Advisory Committee, the secretary or president of San Bernardino Chamber of Commerce and nearly every Gate City business man will be glad to help you obtain exact information on any point you desire. You cannot afford to cast a negative vote based on misinformation. VOTE FOR THE COURT HOUSE BONDS ON TUESDAY, MAY 5TH.

Your money invested with us earns you a good safe dividend and in addition helps build up the town.

MAGNOLIA MUTUAL BUILDING AND LOAN ASSOCIATION

D. E. Palmer, Secretary 272 9th St., Upland

Why A New Court House?

- 1st. Because the present Court House Buildings are not fire-proof, but are fire traps.
- 2nd. The present Court House buildings, including the Jail, built of brick and stone, have been so damaged by earthquakes that it is not considered good business to attempt to make them safe and serviceable; in fact, the towers on the Court House must be taken down at the earliest moment.
- 3rd. The citizens of the City of San Bernardino have subscribed to a fund of \$75,000.00 to purchase a free site of 4 acres, two blocks from the present location and suitable for the proposed new building, which will accommodate the business of the County for the next fifty years.
- 4th. Grand Jurors, for several years past, having looked into the needs of the County, in this regard, have recommended fire proof buildings for the County records.
- 5th. A new Court House, fire and earthquake proof, has become such a necessity, that if the credit of the County cannot be obtained by a small and expected temporary bond issue, the Board of Supervisors, who are responsible to the people for the safe conduct of the public business, are agreed, acting with the consent of the Advisory Committee, that the buildings shall be erected, by direct tax.
- 6th. Why Vote Bonds. A bond issue is desired, because the Supervisors cannot contract for the expenditure of public money, unless provision is made for the raising of money to be expended; and it is essential, that a reinforced cement and steel structure should be built in consecutive and continuous construction.
- 7th. If the Hall of Records (now having the greatest fire exposure of any of the County buildings) were to suffer a sixty (60) minute fire, in the first or third floors, a replacement of County Records would cost far more than the Bond Issue proposed, and hundreds of Court actions would be necessary to place the title of property in the name of its rightful owners.
- 8th. It is desired and intended that the present property, consisting of Court House, Hall of Records and Jail shall be so disposed of, as to assist in retiring from the proposed issue of bonds, such an amount as can be obtained for the property, and within a period of three years. It is not deemed advisable, and may not be lawful, to sell the property at this time, when it is and will be needed for public use, until the new building is built and equipped. Even if it could be sold at this time, it is not reasonable to believe any purchaser would pay its worth in cash for the property, and wait two years for its delivery.
- 9th. It is proposed that the bonds to be issued, shall contain a clause that they are redeemable at the option of the Board of Supervisors after three years, such redemptions to be made from the proceeds of property to be disposed of.
- 10th. And finally, the cost to Taxpayers will be less with a Bond Issue for an entire new building with Jail and four (4) acres of ground, than it would have been if the towers were taken down, the roof remodeled on the present building, and a new Office Building erected in the rear. The bonds should be voted because they will, in part, be a temporary loaning of the credit of the County to carry out a necessary economical business transaction for the public welfare, and the voters of the County should not compel the Board of Supervisors to levy a large direct tax at the present time to raise money for this purpose, when a large portion of the money needed can be realized from the present property, if a temporary credit can be established by a bond issue. The amount of bonds asked for is \$450,000.00. The value of the present Court House property, at the present time, is in excess of \$250,000.00, and it is expected will increase in value during the next three years.

Respectfully submitted,

BOARD OF SUPERVISORS.

A Public Benefactor

Fontana Herald

The splendid record for public service extending over almost a third of a century that distinguishes A. G. Kendall, chairman of the San Bernardino County Board of Supervisors, acted to emphasize his frank remarks on the court house situation at the Fontana Chamber of Commerce luncheon Tuesday noon.

Mr. Kendall is a public benefactor. He is recognized throughout the state as one of the best informed men on public affairs that any county has at the helm of its business administration. In numerous offices, and over a long period of time, Mr. Kendall has been an important contributor to the efficiency of the personnel functioning to carry on the affairs of this county. And every post that he filled has been bettered in management through his occupancy.

Pre-eminently a business man, it was an address appealing to the judgment of business men that Mr. Kendall made here. Simply, he told of the business condition of the county, of the necessary expenditure of tax money for institutional and humanitarian purposes, of the construction and upkeep of hundreds of miles of roads threading this, the largest county in the world.

For the third consecutive time, Mr. Kendall is acting as chairman of the county board, and has under his jurisdiction all business details incident to carrying on the constructive and progressive policy that he has adhered to since, almost 35 years ago, he first assumed the duties of a public official.

The Board of Supervisors has been confronted with numerous difficult problems, but probably none have proven more vexatious than the urgency of educating the voters of the county to support a bond issue for the construction of a new set of public buildings to replace the present antiquated structures of court house, hall of records and county jail.

In taking upon himself the considerable task of appearing in person in practically every community, large and small, throughout the county, Mr. Kendall has again demonstrated the character of the service that he brings to the office he fills. He assumed that the people of the county were interested enough to listen to a frank statement of the business affairs that he, as county manager, conducted for them, and would be receptive to suggestions for the elimination of danger to the present invaluable public records, stored in the basement of the old court house for lack of sufficient room, and the destruction of which would mean endless and expensive litigation to every property owner before he could so much as dispose of his holdings.

No one is better qualified to carry the message of economy to the voters of the county than is Mr. Kendall. It has been his one permanent aim to place all county departments upon an efficient and economical basis, and, as he told the meeting Tuesday, the supervisors have been enabled for the past three years to reduce the tax rate as far as their authority extended, the regret being that the larger proportion of the rate is established by law and utterly beyond any local measures taken for its reduction.

Mr. Kendall's comprehensive knowledge of public affairs has given his informational addresses throughout the county a permanent interest as enlightening the average citizen and taxpayer regarding a great many things he never knew nor even surmised, relating to the conduct of San Bernardino County business.

The best compliment that Fontana can show to Mr. Kendall and his associates on the Board of Supervisors is to express complete confidence in their efficient administration by voting unanimously May 5 for the court house bonds.

ONTARIO NEWS

City Beautiful Contest

With the end view the making of Ontario the veritable garden spot of Southern California, the Hotpoint Floral Society, which is sponsoring the movement with the financial backing of the city council, today announced rules for a city beautiful contest, which is to close in November.

On the committee in charge of the contest are Thomas W. Nagle, president of the Floral Society; H. Willome, secretary; W. H. Tangeman, chairman of instructions committee, and G. L. Von Stein. Prizes of cash and merchandise to the value of more than \$300 are to be awarded to the contestants having the most attractive home gardens, front and rear.

The contest is open to any resident of the city without entrance fee. The winners will be announced at the opening of the second annual Flower Show of the Hotpoint Floral Society in the fall.

Is Named Delegate

F. H. Wallihan, president of the Ontario Kiwanis Club, will represent that organization at the Kiwanis Convention to be held in St. Paul, Minn., June 22-25. It was announced Saturday, following a zone dinner meeting at Hotel Casa Blanca Friday night, which was attended by 115 Kiwanians of this district.

Clubs of Pasadena, South Pasadena, Monrovia, Alhambra, Pomona, Claremont and Ontario were represented at the meeting, which was presided over by Lawrence M. Jones of Pasadena, lieutenant-governor of Kiwanis for this zone.

Speakers of the evening included Leslie B. Henry of Pasadena, international trustee for this district, and William Brown, past governor of Kiwanis. Thomas Lozan was chosen alternate delegate from the Ontario club to the St. Paul meeting.

Boys Ruling Today

Calvin Evans, popular Chaffey High School student, will serve as Mayor of Ontario today, in connection with the observance here of National Boys' Week. It was announced following his selection as the "city's chief executive" by the boy "councilmen" elected last week from the various schools of the city.

Members of the "council" include Ralph Price, Chaffey Junior College; William Graber, Junior High School; Gerald Van Horn, Central School; Cameron Mull, South Euclid School; James Young, San Antonio School; Kenneth Abbott, Seventh Day Adventist School, and William Farrell, St. George's Parochial School.

Appointive officers named by the "council" were Henry Batchelder, city service manager; Culver Smallwood, chief of police; Harold Foster, justice of the peace; Lee Wallace, police judge; Lowell Emmons, health officer; Craig Hannah, fire chief, and Harley Smith, Wayne Harper, Cyril Gunstream, Max Snyder and Gordon Bailey, traffic officers.

All classes at Chaffey High School and Junior College of Agriculture are being conducted by boy students today, and much of the activity in the city grammar schools is also being directed by boys.

Melbourne A. Gauer, director of physical education in the city schools, is chairman of the general committee in charge of the week's program, which opened Sunday with special services for boys in all the Ontario churches. The week will close with an all-day mountain hike and a barbecue in San Antonio Canyon Saturday, open to all boys over ten years of age.

Study Traffic Problem

Steps to bring about a satisfactory solution of Ontario's growing downtown traffic problem, particularly at the intersection of A Street and Euclid Avenue, were taken Friday when a delegation from the Ontario Business Men's Association, city officials and a representative of the Ontario Chamber of Commerce went over the situation with Doug Rhoades, city engineer, and E. B. Lefferts of the safety department of the Automobile Club of Southern California.

The conference was arranged by E. J. Dirking, manager of the Ontario office of the Auto Club. On the Business Men's Committee were R. F. Price, F. H. Wallihan, Thomas R. Cummins and Harry Nelsen. Others attending included Otto S. Roen, city service manager, and B. W. Spencer, secretary of the chamber of commerce.

After a careful study of the situation, the Auto Club officials announced that they would make a careful check of the data thus secured and recommend a solution at an early date.

One tentative plan suggested was the widening of the A and Euclid intersection, by setting the walks back somewhat at the corners and the installation of the four-button in place of the present one-button system.

It was declared likely today that the four-button system will be installed in the near future at practically all downtown intersec-

tions and the Business Men's Association is known to be working on recommendations to the city council for the enactment of a parking limit law. It is said that present plans call for fixing the parking limit at two hours, but there is known to be some demand for an even shorter limit.

R. K. Pritchard Dead

Many friends here were shocked to learn of the death of Robert Keyes Pritchard, former well-known and popular Ontarian and prominent athlete, but for several years past stationed at Fort Mason, San Francisco, where he was connected with the government service.

Although Mr. Pritchard had been in poor health for a year or more, it was not until a few weeks ago that his condition became serious and he went to a sanatorium at Anaheim, where he was under the care of a heart specialist and where his death occurred last week.

Mr. Pritchard was a member of an old and prominent family of New York City, where he held a high place in business and social circles in his younger days. When he first came to Ontario some 20 years ago, he was for a time affiliated with the citrus industry, but later went north to take up work in the commissary department of the U. S. Army, being stationed at Angel Island. Some twelve years ago he decided to retire and returned to Ontario, where he was welcomed by a host of friends and was socially prominent. But the call of army life was strong and after some two years of inactivity, he returned north to resume his government duties at Fort Mason.

In his younger days Mr. Pritchard took an unusually keen interest in amateur athletics and for several years held the high jump championship for the United States and Canada.

The remains of Mr. Pritchard are to be sent to Brooklyn, N.Y., for interment.

Successor to Bledsoe Will Be San Diegoan

E. J. Henning, Assistant Labor Secretary, to Be Federal Judge

E. J. Henning, of San Diego, assistant secretary of the U. S. Labor Department, has been selected by President Coolidge to succeed to the place left vacant by the resignation of Federal Judge Benjamin Bledsoe, former San Bernardinoan, and now a candidate for mayor of Los Angeles.

Henning is expected to leave for Los Angeles within a few days to assume his new duties.

TO CLEAR CLOGGED PIPES

Do you know you can save many a plumber's bill with just common baking soda and vinegar? Just pour a little soda over your drain; then pour the vinegar over the soda. The effervescing of the soda will quickly clear the clogged pipes.

and you should arrange now for any desired changes.

ONTARIO AND UPLAND TELEPHONE COMPANY

Special notice has just reached me of two excellent schoolboy howlers. The first is a most idiomatic translation of "Pax in bello," which was rendered "Freedom from indigestion." The second relates to the well-known historical incident of Queen Elizabeth and Sir Walter Raleigh's cloak. After describing the scene, the pupil made the queen say: "Sir Walter, I am afraid I have dirtied your cloak." "Dieu et mon droit," replied Sir Walter, which means in English, "My God, you are right!"—C. J. A., in London Daily News.

RAMONA PAGEANT AT HEMET NOW

With all indications pointing to the largest attendance in its history, the first performance of the third annual Ramona Pageant will be given in the Ramona Bowl, south of Hemet at 3 o'clock Saturday afternoon, April 25. The pageant will be repeated Sunday, April 26, and Saturday and Sunday, May 2 and 3.

The pageant will be presented by a cast of 150 people under the direction of Garnet Holme, well-known producer of the outdoor drama in California. Doris Schukow will play the title role. Earl Schenck, well-known actor of the legitimate stage and motion pictures, will play Alessandro, ill-fated lover of Ramona.

Approach of the date of the annual production of the outdoor pageant-play, Ramona, under the auspices of the Hemet-San Jacinto Chamber of Commerce, awakens interest in the history of the Hemet-San Jacinto Valley for it was here that Helen Hunt Jackson found the characters for her ever popular story, and it was here that much of the book was actually written. Many sections of California have claimed Ramona, but it is only here that historical facts substantiate the claim.

Mrs. Helen Hunt Jackson came to California as an emissary of the United States government to look into conditions among the Indians, which, with each passing year, had grown worse, and the natives found themselves pushed from one spot to another, each more barren than the one they had left. Mrs. Jackson arrived at Temecula before coming to San Jacinto—not the San Jacinto of today, but the old San Jacinto, of which there is now no physical trace.

There remain in Hemet and San Jacinto today a few persons who were acquainted with many of the incidents given form in Mrs. Jackson's story. The book was written in 1882-1883.

Coming to San Jacinto, Mrs. Jackson lived at the home of Mr. and Mrs. J. C. Jordan. The "Aunt Ri" of Ramona was Mrs. Jordan, and the original Jeff Hyer was Mr. Jordan. The large brick Jordan home in which much of the book was written remained standing the last trace of old San Jacinto, until the earthquake of 1918. Mrs. Jordan who survived her husband a number of years, died there in 1909, and the home was thereafter occupied by a daughter, Mrs. R. E. Strout, and family.

Regarding the origin of Ramona, probably the most authentic explanation is that given by Mrs. Jordan a few years before her death. Mrs. Jordan stated as follows:

"One day she (Mrs. Jackson) said to me, 'Oh, Mrs. Jackson, if I could only present this (the conditions of the Indians) in some way that the public would hear. If I could only write such a story as Mrs. T. S. wrote of negro slavery.'"

"I told her that anyone who could write her 'Letters to Cats' could certainly do it. She said she must have some sort of an actual incident to build upon."

"My dear," I said, 'you go into the kitchen and you'll find things on the stove for your breakfast. As soon as I finish my work I'll tell you a story to build on. I know just one!'"

"She went into the kitchen, but pretty soon I found her at the door, excited and eager. She said, 'Mrs. Jordan, I simply can't eat until I know that story.'"

"So I told her the story of Ramona. You'd best be content with the novel; the real story isn't romantic."

"What you doing now, Bill?"

"I'm plant manager for old Skid-rox."

"Plant manager! What do you have to do?"

"Water the geraniums."—Life.

GIRL SCOUTS IN BIG PROGRAM

Preceding a Court of Awards, one of the most impressive of all scout ceremonies, a Father and Daughter banquet was held on Friday evening at the Chaffey cafeteria, at which fifteen Junior High School Scout Girls, in uniform, served. The tables were placed in scout formation and the walls adorned with scout banners, making an attractive background for the happy affair.

One hundred guests and troops 1, 2, 3, 4, 9 and 15 of the Chaffey Girls' Work Organization, were there to enjoy the banquet and the Court of Awards held later. Mrs. William Laidlaw, president of the Woman's Board; Miss Janet Stone, general secretary of the Girls' Work Organization, and Mrs. Harriett Fleming were all on the program. Mrs. Laidlaw, as scout commissioner of the district, assisted by Miss Stone, awarded the badges. First-class honors went to Helen Allen of Upland and Allice Riley of Ontario, both of troop 1, who are the third and fourth girls from the Girls' Work Organization to receive badges, the others being Olive Shattuck and Mabel Webber. The first-class badges are a mark of distinction, and of several years of constructive scouting, and mean that the winners have the required number of badges and passed the tenderfoot, second-class and first-class tests.

Miss Stone substituted as toast mistress for Miss Florence Ashley, who was representing Chaffey with seven other girls in the tennis tournament at Riverside, and did not arrive until the middle of the evening. A quartette composed of Dorothy Hamilton, Hazel Williams, Katherine Clove and Marion Williams, from Troop 1, sang several Camp Conifer songs during the dinner, and Mrs. Harriett Fleming gave a charming word of greeting to the guests from the Woman's Board. Miss Eileen McLaughlin, of Troop 3, toasted the fathers, and Miss Gladys Peterson, of Troop 2, told of the scout activities.

The following badges were awarded: Troop 1, Allice Riley, 19 badges; Hazel Williams, Ontario, 3 badges. Troop 2, Janet Martin, Ontario, 8 badges; Helen Foster, Ontario, 4 badges; Mabel Weber, Ontario, 1 badge. Troop 3, Gladys Peterson, Upland, 3 badges; Marion Holden, Upland, 2 badges. Troop 4, Edrie Milam, Ontario, 2 badges; Helen Strunk, Ontario, 3 badges; Emily Webster, Ontario, 4 badges; Louise Shattuck, Ontario, 1 badge; Helen Allen, Upland, 6 badges, and her first-class badge; Arvilla Steiner, Upland, 9 badges; Dorothy Hamilton, Upland, 5 badges; Katherine Clove, Etiwanda, 3 badges. Troop 9, Melba Paxon, Ontario, 2 badges; Frances Garbutt, Ontario, 1 badge; Dorothy Allen, Upland, 2 badges; Gertrude Bond, Ontario, 3 badges; Elaine Alexander, Ontario, 1 badge. Girls of the tennis team were each presented with a tiny tennis racket.

Girl Scout officials present were Capt. Helen Cronin, troop 1; Capt. Pearl Clark and Lieut. Elizabeth Ensley, troop 2; Capt. Ora Mabon and Lieut. Bertha Gordon, troop 3; Capt. Dorothy Gordon, troop 3; Capt. Ina Wynne and Lieut. Constance Bicketts, troop 15.

PUBLISHERS ARE NOW ORGANIZED ON A BUSINESS BASIS

The Southern California Editorial Association is now organized on a business basis and as such expects to center its activities on business problems of mutual interest to its members, rather than to engage in junkets or social activities. Members of the executive committee at a recent meeting adopted a resolution to the effect that hereafter the association as an organization, would participate in only such activities, trips or junkets or gatherings as the association itself may arrange or sponsor, consisting of an annual outing and an annual business meeting.

Because its membership represents varying community, political and other affiliations, the association as an organization will not give its official recognition to activities that might have for their purpose the gaining of influence for any individual community as opposed to other communities or the gaining for corporations, individuals or organizations, the influence and editorial support of the members of the association.

All activities, trips or junkets, except those sponsored and arranged for by the association, will be left to the individual decision of each publisher as to whether he wishes to participate in them.

The Association has opened its business office at 515 American Bank Building, Los Angeles, with Ben H. Read as managing director in charge, and will function for the newspapers in the territory from Fresno south, such as a Chamber of Commerce does for its community.

Cucamonga-Alta Loma News

Cannery to Renew Operations

The Cucamonga branch of the Golden State Cannery, after being closed down for a period of three or four years, are planning this season, owing to the prospective big run of peaches and apricots. This is the announcement as given out by Manager W. S. Mudd, who was in the community the early days of this week looking over the cannery plant and surveying the field in this vicinity. Widespread interest has been created by this announcement, as the opening of the big cannery on East Eighth Street spells renewed business activity along many lines and will give employment to some hundred people or more at the height of the season. The cannery will be in the market for deciduous fruits at the highest market prices. Mr. Mudd states. The fact that the Golden State Cannery feels justified in planning to use the Cucamonga branch this season after its several years of idleness clearly indicates that the deciduous grower is coming into his own again and that another era of prosperity is ahead of the extensive fruit industry in this district. With no carry-over of canned peaches and apricots, the market is pretty well cleaned up, promising an early and strong demand from the trade for the new pack at encouraging prices. The run on apricots locally commences generally about July 1st, peaches in August and September.

Entertaining informally at dinner Saturday evening at their home in Seventh Street, Mr. and Mrs. E. S. Bishop were hosts to a few friends; their guests being Mr. and Mrs. W. C. Belden, Mr. and Mrs. H. L. Salisbury, Mrs. W. H. Converse of Alta Loma, Mr. and Mrs. Sam Belden of Los Angeles, and Mrs. L. C. Crossman of Los Angeles. Bridge and 500 provided the amusement of the evening, with Mrs. W. S. Belden and Judge Belden winning the honors in the games.

Notice.
TO ALL OWNERS, AND TO ALL BUILDING, SEWER, CONNECTING PLUMBING AND ELECTRICAL CONTRACTORS.

Hereafter proper permits for all construction work in the City of Upland MUST be obtained and proper fees prepaid before any work is started. No work will be made and no work will be accepted unless the City Ordinance covering permits are obeyed. The custom of asking for inspection of work before permits have been obtained or before fees have been paid will not operate hereafter, and penalties for not living up to these ordinances will be enforced.

Building permits can be obtained from the City Clerk as heretofore, and permits for sewer connections, plumbing and for electrical work can be obtained at the City Offices in the Water Department on East Ninth St. at any time during business hours. The Building Inspector can insist on having 48 hours notice before making any inspections, but it will be his policy as heretofore and as a convenience to the contractors to make them on short notice when possible. However contractors will find that they look ahead for a reasonable time and give the inspector as much notice as possible. Notice of inspections desired should be made in a book placed for the purpose in the office of the Water Department, or may be made by telephone at Number 253-J or at 525. It should be remembered that a permit does not give permission to do any work UNTIL AND AFTER the inspector has given his approval of the plans and specifications. Any work done before such approval runs the chance of not receiving the inspector's acceptance.

Upland, California, April 28, 1925. T. R. WOODBRIDGE, Building, Sewer, Plumbing and Electrical Inspector. 10111

Boys' Week is being observed

appropriately this week in the local grammar schools.

Mr. and Mrs. A. H. Bridge entertained as their house guests Sunday old friends hailing from Bloomington, Ills., but now making their home in Los Angeles, Mr. and Mrs. Ralph McCord.

Miss Mary Cannon of Huntington Beach visited with her cousins, Mr. and Mrs. J. H. Williams, the week-end, returning to Los Angeles when the latter motored in Sunday evening to remain over until the following evening.

Entertaining informally at dinner Saturday evening at their home in Seventh Street, Mr. and Mrs. E. S. Bishop were hosts to a few friends; their guests being Mr. and Mrs. W. C. Belden, Mr. and Mrs. H. L. Salisbury, Mrs. W. H. Converse of Alta Loma, Mr. and Mrs. Sam Belden of Los Angeles, and Mrs. L. C. Crossman of Los Angeles. Bridge and 500 provided the amusement of the evening, with Mrs. W. S. Belden and Judge Belden winning the honors in the games.

Secretary of Said Corporation. 9024

In the Superior Court of the State of California, in and for the County of San Bernardino.

DIVORCE

Action brought in the Superior Court of the County of San Bernardino, State of California, and the Complaint filed in the office of the Clerk of said County of San Bernardino.

Louise Jones Hall, Plaintiff,
vs.
Robert Basil Hall, Defendant.

James S. Bennett, Attorney for Plaintiff, 925 Van Nuys Bldg., Los Angeles, Cal.

The People of the State of California Send Greetings to Robert Basil Hall, Defendant.
You are hereby Directed to Appear, and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the County of San Bernardino, State of California, within ten days after the service on you of this summons—if served within this County; or within thirty days if served elsewhere. And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the Seal of the Superior Court of the County of San Bernardino, State of California, this 14th day of November A. D. 1924.
(SEAL) HARRY L. ALLISON, Clerk.
By M. L. ALDRIDGE, Deputy Clerk. 8110

Notice.
TO ALL OWNERS, AND TO ALL BUILDING, SEWER, CONNECTING PLUMBING AND ELECTRICAL CONTRACTORS.

Hereafter proper permits for all construction work in the City of Upland MUST be obtained and proper fees prepaid before any work is started. No work will be made and no work will be accepted unless the City Ordinance covering permits are obeyed. The custom of asking for inspection of work before permits have been obtained or before fees have been paid will not operate hereafter, and penalties for not living up to these ordinances will be enforced.

Building permits can be obtained from the City Clerk as heretofore, and permits for sewer connections, plumbing and for electrical work can be obtained at the City Offices in the Water Department on East Ninth St. at any time during business hours. The Building Inspector can insist on having 48 hours notice before making any inspections, but it will be his policy as heretofore and as a convenience to the contractors to make them on short notice when possible. However contractors will find that they look ahead for a reasonable time and give the inspector as much notice as possible. Notice of inspections desired should be made in a book placed for the purpose in the office of the Water Department, or may be made by telephone at Number 253-J or at 525. It should be remembered that a permit does not give permission to do any work UNTIL AND AFTER the inspector has given his approval of the plans and specifications. Any work done before such approval runs the chance of not receiving the inspector's acceptance.

Upland, California, April 28, 1925. T. R. WOODBRIDGE, Building, Sewer, Plumbing and Electrical Inspector. 10111

Notice of Assessment

Schwartz Mutual Water Company, Upland, California, Principal Place of Business, Upland, County of San Bernardino, California.
NOTICE IS HEREBY GIVEN that at a meeting of the directors held on the 7th day of April, 1925, an assessment of \$10.00 per share was levied on the capital stock of said corporation payable to the Commercial National Bank of Upland, at its banking house, City of Upland, California, on or before May 15th, 1925. Any stock upon which this assessment shall remain unpaid on the 15th day of May, 1925, will be delinquent and will be advertised for sale at public auction, and unless payment is made will be sold on the 1st day of June, 1925, to pay delinquent assessments together with costs of advertising and expenses of sale.
Dated this 10th day of April, 1925.
W. E. O'BRIEN,

LOST—Pair of Shell-rim Glasses, between P. E. station and 11th Street. Finder please leave at The Upland News Office. Reward. 101-1-1

County Roads Given Class A State Rating

Construction on Highways Here Is Assured by Breed Measure

San Bernardino County highways are given preferred classification in the bill passed by the Assembly at the closing session of the Legislature. The measure, introduced by Senator Breed, previously had passed the Senate.

The Breed bill divides the state highway system into primary "A" and primary "B" roads, and secondary roads. The measure provides that class A primary roads receive 45 per cent of the highway funds for new construction; that 30 per cent be used for construction on class B primary roads and that the remaining 25 per cent be used on secondary roads.

The National Old Trails route from San Bernardino to Needles via Barstow is included in class A, as is also the road from Needles to the Arizona state line near Topock.

Another local highway in the first category is that from San Bernardino to San Fernando and the road from San Bernardino to El Centro.

In class B is to be found the road from San Bernardino to Pine Knot via Waterman Canyon along the crest road and Deep Creek cutoff. The strip from Mojave to Barstow also is included in this class.

Class A contains chiefly those roads classified as main trunk line highways. Class B contains the lateral roads connecting between trunk lines. Secondary roads are designated as recreational and development highways.

LIKED HER MONEY WANTED MORE OF IT

Kindness lost Esperanza Sepulveda, Davis her husband, Ben Davis, she told Superior Judge Charles L. Allison yesterday, and won a divorce.

Mrs. Davis, wealthy owner of the Descente Rancho in the Cucamonga district, declared that she gave her husband \$10,000 in cash "and didn't know what he did with it." After her husband spent the \$10,000 he became angry because she would not give him more. Mrs. Davis said, and then related a series of cruel acts, one of which was the accusation, by her mate that she had been unfaithful.

Mrs. Davis's husband did little but spend the \$10,000, she said. They were married Aug. 16, 1918, and parted July 10, 1924. Mrs. Davis said. She was represented by Attorneys Pollock & Mitchell of Ontario.

Three Other Divorces Granted Three other divorces were granted by Judge Allison, none of the cases being contested. John Scaley was divorced from Virginia Scaley. They were married in Riverside July 16, 1924, and parted a few weeks later. Attorneys representing the litigants announced that a property settlement involving an estate worth \$50,000 had been reached out of court. Attorneys Burton E. Hales and Halsey W. Allen represented Scaley.

Joseph F. Kavanaugh was granted a decree from Marvella Kavanaugh, charging desertion. They were married July 4, 1919, and parted Dec. 23, 1921. Attorney W. E. Byrne appeared for Kavanaugh. Mrs. Garrie Carville Echols of Ontario was divorced from Willard J. Echols on a charge of cruelty. They were married Nov. 30, 1913, and parted Feb. 23, 1925. Mrs. Echols was awarded the custody of two children. Attorneys Pollock & Mitchell appeared for Mrs. Echols.

ed as recreational and development highways. Imperial Valley roads also are included in the class A primary system and include roads from San Diego to El Centro, Shavers Well to Route 26 near Coachella, Shavers Well to Blythe, Blythe to the Arizona state line near Ehrenburg and El Centro to Yuma.

Before they lay me on my bier, Pray tell me, whom did Paul Revere?

POMOLOGICAL AT CHAFFEY UNION

That Chaffey Union High School was steadily advancing toward the goal established by a small group of citizens and educators of this community some fifteen years ago, was clearly demonstrated in the address of Merton E. Hill, principal of the school, before the members of the Claremont Pomological Club at their regular meeting held in the Presbyterian Church in Pomona on Saturday. The vision to make of our high school an institution closely related to the community so that students not only could receive academic training but training in all kinds of work along commercial and agricultural lines, has gradually been fulfilled to a great degree; and to further emphasize this point Mr. Hill introduced Mr. Charles E. Perrin, head of the Chaffey project work, to tell of the coming Junior Fair and of some of the individual projects being carried on. Mr. Perrin spoke interestingly of his work with the boys, and showed many photographs of them and their accomplishments. Among other Ontario and Upland boys who had done notable work in their projects, he told of William Beard, a graduate student, who entered Davis Agricultural College, only last fall, who, on account of his ability and conscientious work, had been promoted from time to time until now he holds the position of head herdsman of the hog department; and of a younger Upland boy, Howard Breeble, who is doing splendid work in his chicken and garden projects. Mr. Perrin urged all his hearers to attend the Junior Fair and see for themselves the remarkable results of the boys' work.

The speakers of the afternoon were R. S. Woglum, in charge of pest control for the California Fruit Growers Exchange, who gave encouraging results of spray control methods when the right materials are used under proper climatic conditions; J. A. Prizer, manager of the Placentia Orange Growers' Association, who showed by charts and figures how the 20 or 25 per cent of growers who sell their fruit to independent packing houses, wreck the market often times by unorganized shipping of fruit so that neither they or the growers shipping through the Exchange houses get back suitable returns. Mr. Prizer believes all growers should be in the same organization if they desire the best results.

E. L. Koethen, consulting agriculturist of Riverside, was the last speaker of the day, and gave many interesting reminiscences of his 34 years of experience in the citrus business.

Those from Upland attending the meeting were Mr. and Mrs. M. E. Hill and Chas. E. Perrin, guests of the Club, and the following members, Mr. and Mrs. Miles Harnly, Mr. and Mrs. H. W. Hawk, Mr. and Mrs. Geo. L. Winter and Mrs. E. L. Durham.

Those who enjoyed the free concert given by the Chaffey Community Orchestra in the auditorium last month will be delighted to hear that another one is scheduled for Friday, May 8th. The house was filled at the first symphony concert, and the orchestra and soloists complimented on all sides. The orchestra of thirty-five pieces, under the direction of Fred Wilding, will give equally as good a program and the community singing will consist of well-known songs in which the entire audience may join.

The orchestra is affiliated with the National Music Week Committee, whose slogan is "Give More Thought to Music."

The program will be as follows: Fifteen Minutes Community Singing

Overture to Raymond.....Thomas

Three Dances from Henry VIII.....German

1—Morris Dance

2—Shepherd Dance

3—Torch Dance

Vocal Solos.....Mildred Kay (Mezzo-Soprano)

(a) Life.....Pearl Curran

(b) The Robin Song.....Howard White

(c) I Love You Truly.....Carrie Jacob Bond

(d) Yodel Song.....Listz

2nd Hungarian Rhapsody.....Listz

Finest Solo, La Favorite de Vienne.....Mr. Will Cooper

Mrs. Cooper at the Piano

Community Singing

Grand Selection from Tannhauser.....Wagner

PRESSING SEAMS Fill a medicine dropper with water and travel slowly down the seam. This furnishes just the right amount of moisture for pressing.

ONTARIO NEWS

Insurance Talk Interests

That practically all fire prevention progress in the United States has been the result of activity on the part of fire insurance companies and that it is up to the people to support fire prevention moves if they desire lower insurance rates, was the declaration yesterday of Willard D. Ball, Jr., in an interesting and instructive talk before members of the Ontario Realty Board in weekly luncheon session at the Hotpoint Club.

The speaker went on to explain that the insurance rate is based on the fire loss of the entire United States, which was recently figured at \$1,300,000 a day.

Fires start in this country at the rate of one every three minutes, it is said.

Mr. Ball pointed out that the insurance losses paid out following the San Francisco fire nearly 20 years ago wiped out all profits of the companies concerned for a period of 50 years preceding, going to prove that insurance is not a business for a small concern without strong financial backing. The speaker recited how literally thousands of small insurance concerns had gone to the wall after only brief periods of existence. He declared that, contrary to popular belief, most insurance companies make their profits through the investment of money paid for insurance rather than through appropriation of premiums paid in.

Outlines History

Mr. Ball sketched briefly the history of fire insurance. The first record of anything of the kind was found in the action of the people of Assyria 3000 years ago taxing the entire community to pay the fire loss of an individual. It was the London fire in 1666 that resulted in the coming of modern insurance. Directly following this event, fire insurance was handled in a small way by individuals and in 1680 a regular fire insurance company was organized. The Sun Fire Insurance Company, organized in London in 1710 is the oldest company still in existence.

In a discussion following the talk, the matter of mutual fire insurance was touched upon and it was pointed out that while an individual may insure with a mutual concern at a lower rate than he can with an "old line" company, he is liable under the terms of his mutual policy to assessments to cover the loss of any other policyholder in the same company which may occur during the period of his policy and may be sued for it years afterward, although his policy may have expired.

James R. Austin, Realty Board secretary, presented an invitation from the Riverside Realty Board requesting the presence of Ontario realtors at the commencement exercises of the Riverside Board realty class to be held at the Loring Theatre, that city, Friday evening.

ning, and an invitation from the Pomona Realty Board to the annual picnic of the State Real Estate Association to be held at Ganesha Park, Pomona, May 16. Delegations from the Ontario Board expect to attend both gatherings.

Burglary Reported

The home of Andrew Dovolos, 404 C street, was burglarized Sunday night, entrance being gained by cutting a screen on a front door during the temporary absence of the family. A new suit of clothes valued at \$80, a small diamond scarf pin and other articles of wearing apparel were taken.

NEW ORGAN FOR ST. MARK'S CHURCH

On Monday a committee representing the Vestry of St. Mark's Church spent the day examining and listening to organs in different places in preparation for the purchase of an organ for the church. The committee consisted of the rector, Dr. and Mrs. A. J. Colgan, Wm. S. Avery and the organist, Mrs. George Gregg. The authority of the committee did not authorize them to do more than examine and report, but it is quite possible the Vestry may decide to place an order with some good firm of organ builders before summer sets in, so as to have one installed by fall.

MAY DAY BREAKFAST AT PRESBYTERIAN CH.
